DON DOMAN

LEED AP

B.A. Architecture, University of Washington

Washington State Architecture License, 1972 - present

PROFILE

Don Doman is a licensed architect, practicing in the Puget Sound region since 1972. He joined Mithun Architects in 1972, and was involved with housing, commercial, municipal, hotel, and mixed senior projects. In 2000, Don's work focused primarily on the design, remodel, and expansion of senior living projects such as Continuing Care Residential Communities (CCRCs), Assisted Living facilities, and Skilled Care Nursing facilities in Washington, Oregon, California, Montana, and Alaska. His client list includes both non-profit and for-profit clients whose representatives range from single individuals to large committees. More recently, Don has worked for Sage Arch Alliance and Perkins Eastman.

SKILLS AND EXPERIENCE

LEAD DESIGNER

As a lead designer, Don is involved in the initial client interview and orchestrates the design process through site and program analysis, master planning, conceptual design, schematic design, design development, construction documents, bidding, and value engineering.

DESIGN MANAGEMENT

As a manager, Don guides the design team's decisions regarding design, client requirements, and construction costs. These include LEED or "green" decisions and elements, interior design, landscape architecture, lighting, art, and mechanical and electrical engineering.

MASTER PLANNING

As a master planner, Don provides detailed program and client goals analysis coupled with development and analysis of alternative project schemes.

STATE AND LOCAL APPROVALS

Don has direct experience in obtaining specific state licensing approvals necessary for senior projects such as CCRCs, Assisted Living facilities, and Skilled Care Nursing facilities in Washington, Oregon, and California. This includes acquiring the necessary city zoning and development approvals.
