

STUDY SESSION

TUESDAY, JUNE 20, 2017

**LOCATION: BAINBRIDGE ISLAND CITY HALL
280 MADISON AVENUE N., BAINBRIDGE ISLAND, WASHINGTON**

AGENDA (TIMES LISTED ON THE AGENDA ARE APPROXIMATE)

1. CALL TO ORDER / ROLL CALL - 7:00 PM

Mayor: Val Tollefson

Deputy Mayor: Ron Peltier

Councilmembers: Sarah Blossom Michael Scott
 Kol Medina Roger Townsend
 Wayne Roth

2. ACCEPTANCE OR MODIFICATION OF AGENDA / CONFLICT OF INTEREST DISCLOSURE

3. PUBLIC COMMENT ON AGENDA ITEMS

4. UNFINISHED BUSINESS

- A.** 7:05 PM Cultural Access Washington and Substitute House Bill 2263,
AB 17-075 - Councilmember Roth (Pg. 3)
Discussion.

5. NEW BUSINESS

- A.** 7:20 PM Citizen Advisory Committee Appointments for the Affordable
Housing Task Force, Climate Change Advisory Committee and
Lodging Tax Advisory Committee, AB 17-097 – Mayor Tollefson (Pg.
56)

I move to forward to the June 27, 2017, consent agenda appointments
to the Affordable Housing Task Force, Climate Change Advisory
Committee, and the Lodging Tax Advisory Committee as discussed by
the Council.

I move to forward to the June 27, 2017, consent agenda the written
instructions as discussed by the Council to the Affordable Housing
Task Force.

6. FOR THE GOOD OF THE ORDER - 7:25 PM

7. ADJOURNMENT - 7:30 PM

Americans with Disabilities Act (ADA) accommodations provided upon request. Those requiring special accommodations, please contact the City Clerk at 206-842-2545 (cityclerk@bainbridgewa.gov) by noon on the day preceding the Meeting.

Bainbridge Island

Arts • Science • Heritage

A publicly funded program established to expand cultural access to arts, heritage and science organizations in counties and cities across Washington State.

How does it work?

- State House Bill 2263 allows any county in Washington State to create a Cultural Access Program.
- Should a County decline, a city within that county may create such a program implemented within city boundaries.
- Kitsap County has declined to establish a program. The opportunity now lies with The City of Bainbridge Island.

Why does Cultural Access matter?

- Creates a consistent and sustainable source of funding for non-profits and schools at the local level.
- Art, science, and heritage organizations strengthen our economy; enrich our lives; support education goals; and significantly contribute to Bainbridge Island's sense of place and identity.
- Supports the guiding principles and goals of our City's official Comprehensive Plan.

Who benefits?

- Public school students will have more cultural experiences both in and outside of the classroom (Funds cover transportation costs for field trips, as well as some in-school programming).
- Citizens of Bainbridge Island will gain increased access to cultural, scientific, and heritage experiences with expanded programming choices, and reduced or free admission prices.
- Island-based arts, science, and heritage nonprofit organizations through a competitive grant process.

Who is Eligible?

- Arts, science, and heritage organizations which are registered 501(c)(3) nonprofits.
- State-designated nonprofit organizations and/or those accredited by the Association of Zoos and Aquariums.
- Community preservation and development authority formed before January 1, 2011.

Who will manage it?

The City of Bainbridge Island can manage the money itself, or can exercise either of these other two options to manage the money and associated grants:

- The city can pass the money through a local community foundation or arts commission (e.g. Arts & Humanities Bainbridge).
- The city can elect to have the money managed by the Washington State Arts Commission.

How is it funded?

- Requires a majority vote by the City Council to appear on the ballot.
- Voter approved tax, either a 0.1% increase in sales tax, or a similarly sized property tax increase.
- When approved, the tax expires after 7 years unless reauthorized by a vote of the people.
- Funds will not replace or diminish usual funding to cultural organizations.

What will it cost?

- A penny for every ten dollars spent. This averages less than \$18 per year, per citizen.
- Start-up or administrative costs to City will be reimbursed through the program.

Next Step: Bainbridge Island City Council Consideration for Ballot for Vote on November 7, 2017.

Bainbridge Island
Arts • Science • Heritage

Cultural Access and the City of Bainbridge Island Comprehensive Plan

The Cultural Access Washington program supports and compliments the City's commitment to a vibrant cultural community, healthy environment, and to the preservation of the Island's unique heritage. There are over 60 instances in the City's Comprehensive Plan that emphasize the importance of cultural programming. The following vision, goals, and policies from the Cultural and Economic Elements are most immediate in consideration of the Cultural Access initiative:

The Cultural Element

Cultural Vision 2036

Arts and humanities are an integral part of the community fabric. They contribute to the economic vitality, community character, livability, and quality of life of Bainbridge Island.

Cultural Activity and Economic Vitality

GOAL CUL-2 Preserve and promote the distinctive character, history, traditional cultures and institutions of Bainbridge Island and take advantage of the Island's cultural stature within the dynamic economy of the Puget Sound region. (*Policy CUL 2.1-2.6*).

History and Heritage

GOAL CUL-3 Preserve places where the Island's history can be experienced, interpreted, and shared with the general public, in order to deepen an understanding of our heritage and the relationship of the past to our present and future. (*Policy CUL 3.1-3.6*).

The Humanities

GOAL CUL-4

Promote understanding of humanistic inquiry as a foundation for civil society, enjoyment of the arts and lifelong learning. (*Policy CUL 4.1 – 4.3*)

Economic Element

Economic Vision 2036

A robust non-profit sector strengthens social capital, provides services and employment opportunities.

Public/Private Partnerships

GOAL EC-7

Support and enhance social, cultural, artistic, nature based recreation, and other learning activities for residents, workers, and visitors. Integrate programs and activities related to economic prosperity with objectives related to environmental sustainability, social and political equity, climate change adaptation and cultural engagement. (*Policy EC7.3-7.7*)

Arts

GOAL EC-12

Continue to promote the arts as a significant component of the Bainbridge Island economy. (*Policy EC 12.1 – 12.2*).

CERTIFICATION OF ENROLLMENT
ENGROSSED SUBSTITUTE HOUSE BILL 2263

64th Legislature
2015 3rd Special Session

Passed by the House June 28, 2015
Yeas 87 Nays 10

Speaker of the House of Representatives

Passed by the Senate June 30, 2015
Yeas 33 Nays 12

President of the Senate

Approved

Governor of the State of Washington

CERTIFICATE

I, Barbara Baker, Chief Clerk of the House of Representatives of the State of Washington, do hereby certify that the attached is **ENGROSSED SUBSTITUTE HOUSE BILL 2263** as passed by House of Representatives and the Senate on the dates hereon set forth.

Chief Clerk

ENGROSSED SUBSTITUTE HOUSE BILL 2263

Passed Legislature - 2015 3rd Special Session

State of Washington

64th Legislature

2015 2nd Special Session

By House Finance (originally sponsored by Representatives Springer, Walkinshaw, Robinson, Tharinger, Carlyle, McBride, Fitzgibbon, and Reykdal)

READ FIRST TIME 06/27/15.

1 AN ACT Relating to providing local governments with options to
2 strengthen their communities by providing services and facilities for
3 people with mental illness, developmental disabilities, and other
4 vulnerable populations, and by increasing access to educational
5 experiences through cultural organizations; amending RCW 84.52.010,
6 84.52.010, 36.100.040, 67.28.181, and 82.14.410; adding new sections
7 to chapter 82.14 RCW; adding a new section to chapter 84.52 RCW;
8 adding a new chapter to Title 36 RCW; creating new sections;
9 providing an effective date; and providing an expiration date.

10 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

11 **PART I**

12 **INTENT**

13 NEW SECTION. **Sec. 101.** INTENT. (1) The legislature finds that:

14 (a) Many Washington cities and counties and their residents are
15 experiencing the lingering effects of the recession. While there are
16 many residents who have been able to successfully weather the
17 economic downturn, unfortunately there are still individuals,
18 families, and valued community organizations who have not. Local
19 governments also have not been immune to this situation. Local
20 government revenues have continued to lag behind economic growth,

1 leaving local communities unable to make adequate and necessary
2 investments in infrastructure and services their residents rely on
3 and benefit from. Additional fiscal tools that provide funding for
4 facilities, services, housing, and programs benefiting vulnerable
5 populations as well as cultural organizations will enable local
6 communities and their residents to choose to invest in their local
7 institutional and human infrastructure to the benefit of the public.

8 (b) There is a demonstrated need for facilities and services in
9 the community to help people with mental illness, individuals with
10 developmental disabilities, and other vulnerable populations,
11 including foster children, homeless families, veterans, and others in
12 critical need. The need includes, but is not limited to, funding for
13 mental health services, evaluation and treatment facilities, housing,
14 and other projects and services for those in need.

15 (c) There is also a need to provide public and educational
16 benefits and economic support for cultural organizations. Providing
17 local support for the state's cultural organizations is in the public
18 interest and will serve multiple public purposes including, among
19 others, enhancing and extending the education reach and offerings of
20 cultural organizations; ensuring continued and expanded access to the
21 facilities and programs of cultural organizations by economically and
22 geographically underserved populations; and providing financial
23 stability to the organizations to continue and extend the numerous
24 public benefits they provide.

25 (2) It is the intent of the legislature to provide local
26 governments and the communities they serve the fiscal tools needed to
27 provide these important services.

28 **PART II** 29 **DEFINITIONS**

30 NEW SECTION. **Sec. 201.** DEFINITIONS. The definitions in this
31 section apply throughout this chapter unless the context clearly
32 requires otherwise.

33 (1) "Administrative costs" means all operating, administrative,
34 and maintenance expenses for a program, a designated public agency,
35 or a designated entity.

36 (2) "Attendance" means the total number of visits by persons in
37 physical attendance during a year at cultural organization facilities
38 located or cultural organization programs provided within the county

1 creating a program, including attendance for which admission was
2 paid, discounted, or free, consistent with and verifiable under
3 guidelines adopted by the appropriate program.

4 (3) "Cultural organization" means a nonprofit corporation
5 incorporated under the laws of the state of Washington and recognized
6 by the internal revenue service as described in section 501(c)(3) of
7 the internal revenue code of 1986, as amended, with its principal
8 location or locations and conducting a majority of its activities
9 within the state, not including: Any agency of the state or any of
10 its political subdivisions; any municipal corporation; any
11 organization that raises funds for redistribution to multiple
12 cultural organizations; or any radio or television broadcasting
13 network or station, cable communications system, internet-based
14 communications venture or service, newspaper, or magazine. The
15 primary purpose of the organization must be the advancement and
16 preservation of science or technology, the visual or performing arts,
17 zoology, botany, anthropology, heritage, or natural history and any
18 organization must directly provide programming or experiences
19 available to the general public. Any organization with the primary
20 purpose of advancing and preserving zoology such as zoos and
21 aquariums must be or support a facility that is accredited by the
22 association of zoos and aquariums or its functional successor. A
23 state-related cultural organization may be a cultural organization.

24 (4) "Designated entity" means the entity designated by the
25 legislative authority of a county creating the program, as required
26 under section 601(1)(d) of this act. The entity may be a public
27 agency, including the state arts commission established under chapter
28 43.46 RCW, or a Washington nonprofit corporation that is not a
29 cultural organization eligible for funding under this chapter.

30 (5) "Designated public agency" means the public agency designated
31 by the legislative authority of a county creating the program, as
32 required under section 601(2)(h) of this act.

33 (6) "Program" means a cultural access program established by a
34 county by ordinance.

35 (7) "Revenues" means revenues from all sources generated by a
36 cultural organization, consistent with generally accepted accounting
37 practices and any program guidelines, excluding: (a) Revenues
38 associated with capital projects other than major maintenance
39 projects including, but not limited to, capital campaign expenses;
40 (b) funds provided under this chapter; (c) revenue that would be

1 considered unrelated business taxable income under the internal
2 revenue code of 1986, as amended; and (d) with respect to a state-
3 related cultural organization, state funding received by it or for
4 the institution it supports. Revenues include transfers from an
5 organization's endowment or reserves and may include the value of in-
6 kind goods and services to the extent permitted under any program
7 guidelines.

8 (8) "State-related cultural organization" means an organization
9 incorporated as a nonprofit corporation under the laws of the state
10 of Washington and recognized by the internal revenue service as
11 described in section 501(c)(3) of the internal revenue code of 1986,
12 as amended, with a primary purpose and directly providing programming
13 or experiences available to the general public consistent with the
14 requirements for recognition as a cultural organization under this
15 chapter operating in a facility owned and supported by the state, a
16 state agency, or state educational institution.

17 PART III

18 CULTURAL ACCESS PROGRAM

19 NEW SECTION. **Sec. 301.** CREATION. (1) Any county legislative
20 authority may create a cultural access program by ordinance.

21 (2) Any contiguous group of counties may create a program by
22 entering into an interlocal agreement under chapter 39.34 RCW,
23 approved by resolution of the county legislative authorities.

24 (3) A city may create a cultural access program if the county
25 legislative authority in which the city is located adopts a
26 resolution stating that the county forfeits its option to create a
27 program or does not place a proposition before the people to create
28 such a program by June 30, 2017. In the event the exception in this
29 subsection occurs, all references in this chapter to a county must
30 include a city that has exercised its authority under this
31 subsection, unless the context clearly requires otherwise.

32 NEW SECTION. **Sec. 302.** START-UP FUNDING AND CONDITIONAL
33 FORMATION. (1) The county creating a program may advance to the
34 program funding for its administrative costs, including the cost of
35 informing the public about the formation of the program, how it is
36 proposed to be funded, and the public benefits to be realized if it
37 is successful. However, this subsection does not authorize the

1 preparation and distribution of information to the general public for
2 the purpose of influencing the outcome of any election called for
3 voter authorization of a proposed tax to support a program.

4 (2) The county creating a program may provide for repayment of
5 any start-up funding advanced to a program from the proceeds of taxes
6 authorized under sections 401 through 403 of this act and approved by
7 voters after the taxes are first collected. The funds may be repaid
8 to such county with interest at the internal rate of return on the
9 invested funds of such county.

10 NEW SECTION. **Sec. 303.** NONSUPPLANTATION. In creating a program
11 under this chapter, any county creating the program must affirm that
12 any funding such county usually and customarily provides to cultural
13 organizations similar to funding that would be available to those
14 organizations under this chapter may not be replaced or materially
15 diminished as a result of funding becoming available under this
16 chapter. If an organization designated to receive funds under this
17 chapter is a state-related cultural organization, the funds received
18 under this chapter may not replace or materially diminish any funding
19 usually or customarily provided by the state.

20 NEW SECTION. **Sec. 304.** ADVISORY COUNCILS. Each county creating
21 a program under this chapter may establish an advisory council, the
22 membership of which must include citizen representatives of
23 constituencies and organizations with interests relevant to the work
24 of the program including, but not limited to, leaders in the
25 business, educational, and cultural communities. Advisory council
26 members should be residents of the county creating the program.
27 Policies concerning the size and operation of any advisory council
28 must be established by the county that creates the program.

29 NEW SECTION. **Sec. 305.** ALTERNATIVE ADMINISTRATIVE ARRANGEMENTS.
30 A county with a population of less than one million five hundred
31 thousand may contract with the state arts commission formed under
32 chapter 43.46 RCW for the provision of consulting, management, or
33 other administrative services to be provided to its program created
34 under this chapter. Any county creating a program may elect to
35 consolidate administration of such a program with that of the entity
36 or public agency designated by the county creating such a program to
37 perform the functions required under section 601 of this act.

PART IV
FUNDING

NEW SECTION. **Sec. 401.** PROGRAM TO IMPOSE TAX. (1)(a) Except as provided in (b) of this section, a county creating a program under this chapter may impose sales and use taxes under section 402 of this act or additional regular property tax levies under section 403 of this act for the purposes authorized under this chapter.

(b) A county with a population of one million five hundred thousand or more may not impose additional regular property tax levies under section 403 of this act.

(2) If a county imposes sales and use taxes under section 402 of this act, the county may not impose an additional regular property tax levy under section 403 of this act so long as such sales and use taxes are in effect.

(3) If a county imposes an additional regular property tax levy under section 403 of this act, the county may not impose sales and use taxes under section 402 of this act so long as such property tax levy is in effect.

(4) All revenue from taxes imposed under this chapter must be credited to a special fund in the treasury of the county imposing such tax and used solely for the purpose of paying all or any part of the cost of cultural access programs as provided in this chapter.

NEW SECTION. **Sec. 402.** A new section is added to chapter 82.14 RCW to read as follows:

SALES AND USE TAXES. (1) The legislative authority of a county or a city may impose a sales and use tax of up to one-tenth of one percent of the selling price in the case of a sales tax, or value of the article used, in the case of a use tax, for the purposes authorized under chapter 36.--- RCW (the new chapter created in section 802 of this act). The legislative authority of the county or city may impose the sales and use tax by ordinance and must condition its imposition on the specific authorization of a majority of the voters voting on a proposition submitted at a special or general election held after June 30, 2016. The ordinance and ballot proposition may provide for the tax to apply for a period of up to seven consecutive years.

(2) The tax authorized in this section is in addition to any other taxes authorized by law and must be collected from those

persons who are taxable by the state under chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event.

(3) The legislative authority of a county or city may reimpose a tax imposed under this section for one or more additional periods of up to seven consecutive years. The legislative authority of the county or city may only reimpose the sales and use tax by ordinance and on the prior specific authorization of a majority of the voters voting on a proposition submitted at a special or general election.

(4) Moneys collected under this section may only be used for the purposes set forth in section 601 of this act.

(5) The department must perform the collection of taxes under this section on behalf of a county or city at no cost to the county or city, and the state treasurer must distribute those taxes as available on a monthly basis to the county or city or, upon the direction of the county or city, to its treasurer or a fiscal agent, paying agent, or trustee for obligations issued or incurred by the program.

(6) The definitions in section 201 of this act apply to this section.

NEW SECTION. **Sec. 403.** A new section is added to chapter 84.52 RCW to read as follows:

PROPERTY TAX. (1) The legislative authority of a county or city may impose an additional regular property tax levy for the purposes authorized under chapter 36.--- RCW (the new chapter created in section 802 of this act). The legislative authority of the county or city may impose the additional levy by ordinance and must condition its imposition of the levy upon prior specific authorization of a majority of the voters voting on a proposition submitted at a special or general election held after June 30, 2016. The ordinance and the ballot proposition must set forth the total dollar amount to be collected in the first year of the levy and the estimated levy rate for the first year and may provide for a levy for a period of up to seven consecutive years. The total dollar amount to be set forth in the ordinance and the ballot proposition may not exceed an amount equal to: The total taxable retail sales and taxable uses in the county or the city levying the property tax for the most recent calendar year as reported by the department multiplied by one-tenth of one percent. Any county or city levying the property tax in this section must calculate the total dollar amount to be collected using

1 the most recent calendar year publicly available data of taxable
2 retail sales published on the department's web site.

3 (2) The legislative authority of a county or city may reimpose an
4 additional regular property tax levy imposed under subsection (1) of
5 this section for one or more additional periods of up to seven
6 consecutive years. The legislative authority of the county or city
7 may only reimpose the regular property tax levy by ordinance and on
8 the prior specific authorization of a majority of the voters voting
9 on a proposition submitted at a special or general election. The
10 ordinance and the ballot proposition must set forth the total dollar
11 amount to be collected in the first year and the estimated levy rate
12 for the first year of the reimposed levy. The total dollar amount to
13 be set forth in the ordinance and the ballot proposition may not
14 exceed an amount equal to: The total taxable retail sales and taxable
15 uses in the county or the city levying the property tax for the most
16 recent calendar year as reported by the department multiplied by one-
17 tenth of one percent. Any county or city levying the property tax in
18 this section must calculate the total dollar amount to be collected
19 using the most recent calendar year publicly available data of
20 taxable retail sales published on the department's web site.

21 (3) In the event a county or city is levying property taxes under
22 this section that, in combination with property taxes levied by other
23 taxing districts, exceed the limitation in RCW 84.52.050 or
24 84.52.043(2), the county's or city's property tax levy under this
25 section must be reduced or eliminated consistent with RCW 84.52.010.

26 (4) The limitation in RCW 84.55.010 does not apply to the first
27 levy imposed under subsection (1) of this section or to the first
28 levy reimposed under subsection (2) of this section.

29 (5) The limitations in RCW 84.52.043(1) do not apply to the tax
30 levy authorized in this section.

31 (6) Moneys collected under this section may only be used for the
32 purposes set forth in section 601 of this act.

33 (7) The definitions in section 201 of this act apply to this
34 section.

35 **Sec. 404.** RCW 84.52.010 and 2011 1st sp.s. c 28 s 2 are each
36 amended to read as follows:

37 (1) Except as is permitted under RCW 84.55.050, all taxes must be
38 levied or voted in specific amounts.

1 (2) The rate percent of all taxes for state and county purposes,
2 and purposes of taxing districts coextensive with the county, must be
3 determined, calculated and fixed by the county assessors of the
4 respective counties, within the limitations provided by law, upon the
5 assessed valuation of the property of the county, as shown by the
6 completed tax rolls of the county, and the rate percent of all taxes
7 levied for purposes of taxing districts within any county must be
8 determined, calculated and fixed by the county assessors of the
9 respective counties, within the limitations provided by law, upon the
10 assessed valuation of the property of the taxing districts
11 respectively.

12 (3) When a county assessor finds that the aggregate rate of tax
13 levy on any property, that is subject to the limitations set forth in
14 RCW 84.52.043 or 84.52.050, exceeds the limitations provided in
15 either of these sections, the assessor must recompute and establish a
16 consolidated levy in the following manner:

17 (a) The full certified rates of tax levy for state, county,
18 county road district, and city or town purposes must be extended on
19 the tax rolls in amounts not exceeding the limitations established by
20 law; however any state levy takes precedence over all other levies
21 and may not be reduced for any purpose other than that required by
22 RCW 84.55.010. If, as a result of the levies imposed under RCW
23 36.54.130, 84.34.230, 84.52.069, 84.52.105, the portion of the levy
24 by a metropolitan park district that was protected under RCW
25 84.52.120, 84.52.125, 84.52.135, 84.52.140, and the protected portion
26 of the levy under RCW 86.15.160 by flood control zone districts in a
27 county with a population of seven hundred seventy-five thousand or
28 more that are coextensive with a county, the combined rate of regular
29 property tax levies that are subject to the one percent limitation
30 exceeds one percent of the true and fair value of any property, then
31 these levies must be reduced as follows:

32 (i) The portion of the levy by a metropolitan park district that
33 has a population of less than one hundred fifty thousand and is
34 located in a county with a population of one million five hundred
35 thousand or more that is protected under RCW 84.52.120 must be
36 reduced until the combined rate no longer exceeds one percent of the
37 true and fair value of any property or must be eliminated;

38 (ii) If the combined rate of regular property tax levies that are
39 subject to the one percent limitation still exceeds one percent of
40 the true and fair value of any property, the protected portion of the

1 levy imposed under RCW 86.15.160 by a flood control zone district in
2 a county with a population of seven hundred seventy-five thousand or
3 more that is coextensive with a county must be reduced until the
4 combined rate no longer exceeds one percent of the true and fair
5 value of any property or must be eliminated;

6 (iii) If the combined rate of regular property tax levies that
7 are subject to the one percent limitation still exceeds one percent
8 of the true and fair value of any property, the levy imposed by a
9 county under RCW 84.52.140 must be reduced until the combined rate no
10 longer exceeds one percent of the true and fair value of any property
11 or must be eliminated;

12 (iv) If the combined rate of regular property tax levies that are
13 subject to the one percent limitation still exceeds one percent of
14 the true and fair value of any property, the portion of the levy by a
15 fire protection district that is protected under RCW 84.52.125 must
16 be reduced until the combined rate no longer exceeds one percent of
17 the true and fair value of any property or must be eliminated;

18 (v) If the combined rate of regular property tax levies that are
19 subject to the one percent limitation still exceeds one percent of
20 the true and fair value of any property, the levy imposed by a county
21 under RCW 84.52.135 must be reduced until the combined rate no longer
22 exceeds one percent of the true and fair value of any property or
23 must be eliminated;

24 (vi) If the combined rate of regular property tax levies that are
25 subject to the one percent limitation still exceeds one percent of
26 the true and fair value of any property, the levy imposed by a ferry
27 district under RCW 36.54.130 must be reduced until the combined rate
28 no longer exceeds one percent of the true and fair value of any
29 property or must be eliminated;

30 (vii) If the combined rate of regular property tax levies that
31 are subject to the one percent limitation still exceeds one percent
32 of the true and fair value of any property, the portion of the levy
33 by a metropolitan park district with a population of one hundred
34 fifty thousand or more that is protected under RCW 84.52.120 must be
35 reduced until the combined rate no longer exceeds one percent of the
36 true and fair value of any property or must be eliminated;

37 (viii) If the combined rate of regular property tax levies that
38 are subject to the one percent limitation still exceeds one percent
39 of the true and fair value of any property, then the levies imposed
40 under RCW 84.34.230, 84.52.105, and any portion of the levy imposed

under RCW 84.52.069 that is in excess of thirty cents per thousand dollars of assessed value, must be reduced on a pro rata basis until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated; and

(ix) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, then the thirty cents per thousand dollars of assessed value of tax levy imposed under RCW 84.52.069 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated.

(b) The certified rates of tax levy subject to these limitations by all junior taxing districts imposing taxes on such property must be reduced or eliminated as follows to bring the consolidated levy of taxes on such property within the provisions of these limitations:

(i) First, the certified property tax levy authorized under section 403 of this act must be reduced on a pro rata basis or eliminated;

(ii) Second, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of those junior taxing districts authorized under RCW 36.68.525, 36.69.145, 35.95A.100, and 67.38.130 must be reduced on a pro rata basis or eliminated;

~~((~~ii~~)—Second))~~ (iii) Third, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of flood control zone districts other than the portion of a levy protected under RCW 84.52.815 must be reduced on a pro rata basis or eliminated;

~~((~~iii~~)—Third))~~ (iv) Fourth, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of all other junior taxing districts, other than fire protection districts, regional fire protection service authorities, library districts, the first fifty cent per thousand dollars of assessed valuation levies for metropolitan park districts, and the first fifty cent per thousand dollars of assessed valuation levies for public hospital districts, must be reduced on a pro rata basis or eliminated;

~~((~~iv~~)—Fourth))~~ (v) Fifth, if the consolidated tax levy rate still exceeds these limitations, the first fifty cent per thousand dollars of assessed valuation levies for metropolitan park districts

1 created on or after January 1, 2002, must be reduced on a pro rata
2 basis or eliminated;

3 ~~((v) Fifth))~~ (vi) Sixth, if the consolidated tax levy rate still
4 exceeds these limitations, the certified property tax levy rates
5 authorized to fire protection districts under RCW 52.16.140 and
6 52.16.160 and regional fire protection service authorities under RCW
7 52.26.140(1) (b) and (c) must be reduced on a pro rata basis or
8 eliminated; and

9 ~~((vi) Sixth))~~ (vii) Seventh, if the consolidated tax levy rate
10 still exceeds these limitations, the certified property tax levy
11 rates authorized for fire protection districts under RCW 52.16.130,
12 regional fire protection service authorities under RCW
13 52.26.140(1) (a), library districts, metropolitan park districts
14 created before January 1, 2002, under their first fifty cent per
15 thousand dollars of assessed valuation levy, and public hospital
16 districts under their first fifty cent per thousand dollars of
17 assessed valuation levy, must be reduced on a pro rata basis or
18 eliminated.

19 **Sec. 405.** RCW 84.52.010 and 2015 c 170 s 2 are each amended to
20 read as follows:

21 (1) Except as is permitted under RCW 84.55.050, all taxes must be
22 levied or voted in specific amounts.

23 (2) The rate percent of all taxes for state and county purposes,
24 and purposes of taxing districts coextensive with the county, must be
25 determined, calculated and fixed by the county assessors of the
26 respective counties, within the limitations provided by law, upon the
27 assessed valuation of the property of the county, as shown by the
28 completed tax rolls of the county, and the rate percent of all taxes
29 levied for purposes of taxing districts within any county must be
30 determined, calculated and fixed by the county assessors of the
31 respective counties, within the limitations provided by law, upon the
32 assessed valuation of the property of the taxing districts
33 respectively.

34 (3) When a county assessor finds that the aggregate rate of tax
35 levy on any property, that is subject to the limitations set forth in
36 RCW 84.52.043 or 84.52.050, exceeds the limitations provided in
37 either of these sections, the assessor must recompute and establish a
38 consolidated levy in the following manner:

(a) The full certified rates of tax levy for state, county, county road district, and city or town purposes must be extended on the tax rolls in amounts not exceeding the limitations established by law; however any state levy takes precedence over all other levies and may not be reduced for any purpose other than that required by RCW 84.55.010. If, as a result of the levies imposed under RCW 36.54.130, 84.34.230, 84.52.069, 84.52.105, the portion of the levy by a metropolitan park district that was protected under RCW 84.52.120, 84.52.125, 84.52.135, and 84.52.140, and the portion of the levy by a flood control zone district that was protected under RCW 84.52.--- (section 3, chapter 170, Laws of 2015), the combined rate of regular property tax levies that are subject to the one percent limitation exceeds one percent of the true and fair value of any property, then these levies must be reduced as follows:

(i) The portion of the levy by a flood control zone district that was protected under RCW 84.52.--- (section 3, chapter 170, Laws of 2015) must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

(ii) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the levy imposed by a county under RCW 84.52.140 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

(iii) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the portion of the levy by a fire protection district that is protected under RCW 84.52.125 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

(iv) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the levy imposed by a county under RCW 84.52.135 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

(v) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the levy imposed by a ferry

district under RCW 36.54.130 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

(vi) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, the portion of the levy by a metropolitan park district that is protected under RCW 84.52.120 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated;

(vii) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, then the levies imposed under RCW 84.34.230, 84.52.105, and any portion of the levy imposed under RCW 84.52.069 that is in excess of thirty cents per thousand dollars of assessed value, must be reduced on a pro rata basis until the combined rate no longer exceeds one percent of the true and fair value of any property or must be eliminated; and

(viii) If the combined rate of regular property tax levies that are subject to the one percent limitation still exceeds one percent of the true and fair value of any property, then the thirty cents per thousand dollars of assessed value of tax levy imposed under RCW 84.52.069 must be reduced until the combined rate no longer exceeds one percent of the true and fair value of any property or eliminated.

(b) The certified rates of tax levy subject to these limitations by all junior taxing districts imposing taxes on such property must be reduced or eliminated as follows to bring the consolidated levy of taxes on such property within the provisions of these limitations:

(i) First, the certified property tax levy authorized under section 403 of this act must be reduced on a pro rata basis or eliminated;

(ii) Second, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of those junior taxing districts authorized under RCW 36.68.525, 36.69.145, 35.95A.100, and 67.38.130 must be reduced on a pro rata basis or eliminated;

~~((~~ii~~—Second))~~ (iii) Third, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of flood control zone districts other than the portion of a levy protected under RCW 84.52.--- (section 3, chapter 170, Laws of 2015) must be reduced on a pro rata basis or eliminated;

~~((iii) Third))~~ ((iv) Fourth, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates of all other junior taxing districts, other than fire protection districts, regional fire protection service authorities, library districts, the first fifty cent per thousand dollars of assessed valuation levies for metropolitan park districts, and the first fifty cent per thousand dollars of assessed valuation levies for public hospital districts, must be reduced on a pro rata basis or eliminated;

~~((iv) Fourth))~~ (v) Fifth, if the consolidated tax levy rate still exceeds these limitations, the first fifty cent per thousand dollars of assessed valuation levies for metropolitan park districts created on or after January 1, 2002, must be reduced on a pro rata basis or eliminated;

((~~(v) Fifth~~)) (vi) Sixth, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates authorized to fire protection districts under RCW 52.16.140 and 52.16.160 and regional fire protection service authorities under RCW 52.26.140(1) (b) and (c) must be reduced on a pro rata basis or eliminated; and

((~~(vi) Sixth~~)) (vii) Seventh, if the consolidated tax levy rate still exceeds these limitations, the certified property tax levy rates authorized for fire protection districts under RCW 52.16.130, regional fire protection service authorities under RCW 52.26.140(1)(a), library districts, metropolitan park districts created before January 1, 2002, under their first fifty cent per thousand dollars of assessed valuation levy, and public hospital districts under their first fifty cent per thousand dollars of assessed valuation levy, must be reduced on a pro rata basis or eliminated.

PART V

PUBLIC BENEFITS AND PUBLIC SCHOOL CULTURAL ACCESS PROGRAM

NEW SECTION. **Sec. 501.** PUBLIC BENEFITS. (1) A program created under this chapter must provide or continue to provide funding authorized under this chapter only to cultural organizations that provide discernible public benefits. Each program created under this chapter must identify a range of public benefits that cultural organizations may provide or continue to provide in satisfaction of

1 this requirement for eligibility to receive funding authorized under
2 this chapter. The public benefits include, without limitation:
3 Reasonable opportunities for access to facilities, programs, and
4 services on a reduced or no admission fee basis, particularly for
5 diverse and underserved populations and communities; providing,
6 through technological and other means, services or programs in
7 locations other than an organization's own facilities; providing
8 educational programs and experiences both at an organization's own
9 facilities and in schools and other venues; broadening cultural
10 programs, performances, and exhibitions for the enlightenment and
11 entertainment of the public; supporting collaborative relationships
12 with other cultural organizations in order to extend the reach and
13 impact of the collaborating organizations for the benefit of the
14 public; and, in the case of community-based cultural organizations,
15 organizational capacity-building projects or activities that an
16 organization can demonstrate, to the reasonable satisfaction of the
17 designated entity, will enhance the ability of the organization to
18 provide or continue to provide meaningful public benefits not
19 otherwise achievable.

20 (2) Each program created under this chapter must adopt guidelines
21 establishing a baseline standard of continuous performance with
22 respect to the provision of public benefits required under this
23 chapter and for evaluating the eligibility of any cultural
24 organization to receive funds under this chapter based on the
25 continuous performance of the organization in the provision of the
26 public benefits. The guidelines must include: (a) Procedures for
27 notifying any organization at risk of losing its eligibility to
28 receive funds under this chapter for failure to achieve the program's
29 baseline standard of performance with respect to the continuous
30 provision of public benefits; and (b) measures or procedures
31 available to the organization for either retaining or recovering
32 eligibility, as appropriate.

33 NEW SECTION. **Sec. 502.** PUBLIC SCHOOL CULTURAL ACCESS PROGRAM.

34 (1) A program created under this chapter must develop and provide a
35 public school cultural access program, as provided in section 601 of
36 this act.

37 (2) To the extent practicable consistent with available
38 resources, the public school cultural access element of a program of

1 a county described in section 601(2) of this act must include the
2 following attributes:

3 (a) Provide benefits designed to increase public school student
4 access to the programming offered and facilities operated by regional
5 and community-based cultural organizations receiving funding under
6 this chapter, giving priority to the activities in the order
7 described in (c) of this subsection;

8 (b) Offer benefits to every public school in the county while
9 scaling the range of benefits available to and the frequency of
10 opportunities to participate by any particular school to coincide
11 with the relative percentage of students attending the school who
12 participate in the national free or reduced-price school meals
13 program;

14 (c) Benefits provided under the public school cultural access
15 program must include, without limitation:

16 (i) Providing directly or otherwise funding and arranging for
17 transportation for all public school students at participating
18 schools to attend and participate annually in the age-appropriate
19 programs and activities offered by such organizations;

20 (ii) Should funding available under this program for student
21 transportation be inadequate in any one year due to more demand for
22 student transportation than can be funded, increasing the subsequent
23 annual percentage allocation to the public school cultural access
24 program up to two percent so as to provide sufficient funds to ensure
25 adequate funding of student transportation;

26 (iii) Establishing and operating, within funding provided to
27 support the public school cultural access program under this
28 subsection, of a centralized service available to regional and
29 community-based cultural organizations receiving funding under this
30 chapter and public schools in the county to coordinate opportunities
31 for public school student access to the programs and activities
32 offered by the organizations both at the facilities and venues
33 operated by the organizations and through programs and experiences
34 provided by the organizations at schools and elsewhere;

35 (iv) In consultation with cultural organizations located within
36 the county, preparing and maintaining a readily accessible and
37 current guide cataloging access opportunities and facilitating
38 scheduling;

39 (v) Coordinating closely with cultural organizations to maximize
40 student utilization of available opportunities in a cost-efficient

1 manner including possible scheduling on a single day opportunities
2 for different grade levels at any one school and participation in
3 multiple programs or activities in the same general area for which
4 program-funded transportation is provided;

5 (vi) Supporting the development of tools, materials, and media by
6 cultural organizations to ensure that school access programs and
7 activities correlate with school curricula and extend the reach of
8 access programs and activities for classroom use with or without
9 direct on-site participation, to the extent practicable;

10 (vii) Building meaningful partnerships with public schools and
11 cultural organizations in order to maximize participation in school
12 access programs and activities and ensure their relevance and
13 effectiveness;

14 (d) When a program determines that its program element required
15 under (c)(i) through (vii) of this subsection has achieved sufficient
16 scale and participation among public schools located within its
17 boundaries and that it has resources remaining to devote to
18 additional public school cultural access programs without diminishing
19 such participation, the county may develop and financially support
20 other public school cultural access activities in conjunction with
21 cultural organizations receiving funds under this chapter; public
22 school districts; and other public or nonprofit organizations that
23 support cultural access. Any funding for development and support of
24 such activities provided to cultural organizations receiving funds
25 under this subsection must only be used to supplement the public
26 benefits provided by such organizations as required under this
27 chapter and may not be used by such organizations to replace or
28 diminish funding for such required public benefits;

29 (e) Preparation of an annual public school cultural access plan
30 for review and adoption prior to implementation; and

31 (f) Compilation of an annual report documenting the reach and
32 evaluating the effectiveness of program-funded public school cultural
33 access efforts, including information about the numbers and types of
34 students who participated in the program and recommendations to the
35 county for improvements.

36 **PART VI**
37 **USE OF FUNDS**

1 NEW SECTION. **Sec. 601.** ALLOCATION. (1) A program in a county
2 with a population of less than one million five hundred thousand must
3 allocate the proceeds of taxes authorized under sections 402 and 403
4 of this act as follows:

5 (a) If any start-up funding has been provided to the program
6 under section 302 of this act with the expectation that the funding
7 will be repaid, the program must annually reserve from total funds
8 available funding sufficient to provide for repayment of such start-
9 up funding until any such start-up funding has been fully repaid;

10 (b) The funding determined by the county forming such a program
11 to be reserved for program costs, including direct administrative
12 costs, and repaying any start-up funding provided under section 302
13 of this act. Information disclosing the amount of funding to be
14 reserved for program administrative costs must be included in any
15 proposition submitted to voters under section 402 or 403 of this act;

16 (c) The county must determine the percentage of total funds
17 available annually to be reserved for a public school cultural access
18 program established and managed by the county to increase access to
19 cultural activities and programming for public school students
20 resident in the county. The activities and programming need not be
21 located or provided within the county. In developing its program, the
22 county may consider the attributes prescribed for a public school
23 cultural access program required to be undertaken under section
24 502(2) of this act and may also consider providing funding for music
25 and arts education in public schools that is in addition to that
26 provided for in the program of basic education funding;

27 (d) Remaining funds available annually, including all funds not
28 initially reserved under (a), (b), and (c) of this subsection as well
29 as funds not distributed by the county from the reserved funds must
30 be distributed by the county to the entity designated by the
31 legislative authority of the county creating the program. The county
32 must determine:

33 (i) Guidelines, consistent with the requirements of this chapter,
34 it deems necessary or appropriate for determining the eligibility of
35 cultural organizations to receive funding under this chapter;

36 (ii) Criteria for the award of funds to eligible cultural
37 organizations, including the public benefits to be derived from
38 projects submitted for funding;

39 (iii) The amount of funding to be allocated to support designated
40 entity administrative costs;

1 (iv) Criteria for the identification by the county or, if so
2 directed by the county, by the designated entity of any cultural
3 organization or organizations that would receive annual distributions
4 of funds in such amounts determined by the county or, if so directed
5 by the county, the designated entity; and

6 (v) Procedures to be used by the designated entity in awarding
7 funding to other cultural organizations that may, but are not
8 required to include a periodic competitive process for awarding funds
9 for particular purposes or projects proposed by eligible cultural
10 organizations;

11 (e) In evaluating requests for funding authorized under this
12 chapter, the designated entity responsible for the distribution of
13 the funds must consider the public benefits that any cultural
14 organizations represented will be derived from proposed projects. At
15 the conclusion of a project approved for funding, such organization
16 is required to report to the designated entity on the public benefits
17 realized;

18 (f) Funds distributed to cultural organizations may be used to
19 support cultural and educational activities, programs, and
20 initiatives; public benefits and communications; and basic
21 operations. Funds may also be used for: (i) Capital expenditures or
22 acquisitions including, but not limited to, the acquisition of or
23 construction of improvements to real property; and (ii) technology,
24 equipment, and supplies reasonably related to or necessary for a
25 project otherwise eligible for funding under this chapter. Program
26 guidelines may also determine the circumstances under which funds may
27 be used to fund start-up expenses of new community-based cultural
28 organizations;

29 (g) If the county or designated entity determine the eligibility
30 of a cultural organization to receive funding or the relative
31 magnitude of the funding it receives on the basis of its budget,
32 revenues, or expenses, any determination with respect to a qualifying
33 state-related cultural organization must exclude any state funding
34 received by the organization or for the institution it supports.

35 (2) A county with a population of more than one million five
36 hundred thousand must allocate the proceeds of the taxes authorized
37 under section 402 of this act as follows:

38 (a) If any start-up funding has been provided to the program
39 under section 302 of this act with the expectation that the funding
40 will be repaid, the program must annually reserve from total funds

1 available annually funding sufficient to provide for repayment of
2 such start-up funding until any such start-up funding has been fully
3 repaid;

4 (b) After allocating any funds as required in (a) of this
5 subsection, up to one and one-fourth percent of total funds available
6 annually may be used for program administrative costs;

7 (c) After allocating funds as required in (a) and (b) of this
8 subsection, ten percent of remaining funds available annually must be
9 used to fund a public school cultural access program to be
10 administered by the program, subject to section 502(2) of this act;

11 (d) Seventy percent of total remaining funds available annually
12 excluding funds initially reserved under (a), (b), and (c) of this
13 subsection must be reserved for distribution by the program to
14 regional cultural organizations that are cultural organizations that
15 own, operate, or support cultural facilities or provide performances,
16 exhibits, educational programs, experiences, or entertainment that
17 widely benefit and are broadly attended by the public, subject to
18 further definition under guidelines adopted by the program. A
19 regional cultural organization may also generally be characterized
20 under program guidelines as a financially stable, substantial
21 organization with full-time support and program staff, maintaining a
22 broad-based membership, having year-round or enduring seasonal
23 operations, being a substantial financial contributor to the
24 development, operation, and maintenance of the organization's
25 principal venue or venues, and providing substantial public benefits.
26 The funding must be provided only to those regional cultural
27 organizations that the program determines, on an annual basis, to
28 have met the following guidelines:

29 (i) For at least the preceding three years, the organization has
30 been continuously in good standing as a nonprofit corporation under
31 the laws of the state of Washington;

32 (ii) The organization has its principal location or locations and
33 conducts the majority of its activities within the county area
34 primarily for the benefit of county residents;

35 (iii) The organization has not declared bankruptcy or suspended
36 or substantially curtailed operations for a period longer than six
37 months during the preceding two years;

38 (iv) The organization provided to the program audited annual
39 financial statements for at least its two most recent fiscal years;

1 (v) Over the three preceding years, the organization has minimum
2 average annual revenues of at least one million two hundred fifty
3 thousand dollars. The program must annually and cumulatively adjust
4 the minimum revenues by the annual percentage change in the consumer
5 price index for the prior year for the Seattle-Tacoma-Bellevue,
6 Washington metropolitan statistical area for all urban consumer, all
7 goods, as published by the United States department of labor, bureau
8 of labor statistics. The minimum revenues requirement, adjusted for
9 inflation as provided in this section, remains effective through the
10 date on which the initial tax authorized by the voters under section
11 402 or 403 of this act expires. Thereafter, the program must, at the
12 beginning of each subsequent period of funding as approved by the
13 voters, establish initial minimum average annual revenues of not less
14 than the amount of the minimum revenues required during the final
15 year of the immediately preceding period of funding;

16 (vi) For purposes of determining the eligibility of a regional
17 organization to receive funding or the relative magnitude of the
18 funding it receives on the basis of its revenues, any determination
19 with respect to a qualifying state-related cultural organization must
20 exclude any state funding received by the organization or for the
21 institution it supports; and

22 (vii) Any additional guidelines, consistent with section 201 of
23 this act and this section, as the program deems necessary or
24 appropriate for determining the eligibility of prospective regional
25 cultural organizations to receive funding under this section and for
26 establishing the amount of funding any organization may receive;

27 (e) Funds available under (d) of this subsection must be
28 distributed among eligible regional cultural organizations based on
29 an annual ranking of eligible organizations by the combined size of
30 their average annual revenues and their average annual attendance,
31 both over the three preceding years. However, an organization's
32 attendance must have twice the weight of the organization's revenues
33 in determining its relative ranking. Available funds must be
34 distributed proportionally among eligible organizations, consistent
35 with the ranking, such that the organization with the largest
36 combined revenues and weighted attendance would receive the most
37 funding and the organization with the smallest combined revenues and
38 weighted attendance would receive the least funding. However, no
39 organization may receive funds in excess of fifteen percent of its
40 average annual revenues over the three preceding years;

1 (f) Funds distributed to regional cultural organizations under
2 (d) of this subsection must be used to support cultural and
3 educational activities, programs and initiatives, public benefits and
4 communications, and basic operations.

5 (i) At least twenty percent of funds distributed to any regional
6 cultural organizations under (d) of this subsection must be used to
7 participate in the program's public school cultural access program
8 required under section 502 of this act. The regional cultural
9 organizations must provide or continue to provide public benefits
10 under this section in addition to participating in the public school
11 cultural access program.

12 (ii) No funds distributed to regional cultural organizations
13 under (d) of this subsection may be used for capital expenditures or
14 acquisitions including, but not limited to, the acquisition of or the
15 construction of improvements to real property;

16 (g) Prior to December 31st of each year, each regional cultural
17 organization receiving funds authorized under this chapter pursuant
18 to a program allocation formula must provide a report to the program,
19 including:

20 (i) A preview of the public benefits the organization plans to
21 provide or continue to provide in the following year;

22 (ii) A preview of the organization's public school cultural
23 access program participation in the following year; and

24 (iii) A report on public benefits it provided, and its
25 participation in the public school cultural access program, during
26 the current year;

27 (h) Remaining funds available annually, including funds not
28 initially reserved under (a) through (d) of this subsection as well
29 as funds not distributed by the program from the reserved funds must
30 be distributed by the program to the public agency designated by the
31 legislative authority of the county creating such a program;

32 (i) Funds distributed by the designated public agencies under (h)
33 of this subsection must be applied as follows:

34 (i) Not more than eight percent of such funds must be used for
35 administrative costs of the public agency designated by a county
36 creating the program; and

37 (ii) The balance must be used to fund community-based cultural
38 organizations that are cultural organizations or a community
39 preservation and development authority formed under chapter 43.167
40 RCW prior to January 1, 2011, that primarily function, focus their

activities, and are supported or patronized within a local community and are not a regional cultural organization, subject to further definition under guidelines adopted by the designated public agency. Designated public agencies must adopt:

(A) Guidelines, consistent with the requirements of this chapter, it deems necessary or appropriate for determining the eligibility of community-based cultural organizations to receive funding under this chapter and for establishing the amount of funding any organization may receive;

(B) Criteria for the award of funds to eligible community-based cultural organizations, including the public benefits to be derived from projects submitted for funding; and

(C) Procedures for conducting, at least annually, a competitive process for the award of available funding;

(j) Funds distributed to community-based cultural organizations may be used to support cultural and educational activities, programs, and initiatives; public benefits and communications; and basic operations. Funds may also be used for: (i) Capital expenditures or acquisitions including, but not limited to, the acquisition of or construction of improvements to real property; and (ii) technology, equipment, and supplies reasonably related to or necessary for a project otherwise eligible for funding under this chapter. Program guidelines may also determine the circumstances under which funds may be used to fund start-up expenses of new community-based cultural organizations.

PART VII

LOCAL OPTION SALES AND USE TAX FOR HOUSING AND RELATED SERVICES

NEW SECTION. **Sec. 701.** A new section is added to chapter 82.14 RCW to read as follows:

(1)(a) A county legislative authority may submit an authorizing proposition to the county voters at a special or general election and, if the proposition is approved by a majority of persons voting, impose a sales and use tax in accordance with the terms of this chapter. The title of each ballot measure must clearly state the purposes for which the proposed sales and use tax will be used. The rate of tax under this section may not exceed one-tenth of one percent of the selling price in the case of a sales tax, or value of the article used, in the case of a use tax.

1 (b)(i) If a county with a population of one million five hundred
2 thousand or less has not imposed the full tax rate authorized under
3 (a) of this subsection within two years of the effective date of this
4 section, any city legislative authority located in that county may
5 submit an authorizing proposition to the city voters at a special or
6 general election and, if the proposition is approved by a majority of
7 persons voting, impose the whole or remainder of the sales and use
8 tax rate in accordance with the terms of this chapter. The title of
9 each ballot measure must clearly state the purposes for which the
10 proposed sales and use tax will be used. The rate of tax under this
11 section may not exceed one-tenth of one percent of the selling price
12 in the case of a sales tax, or value of the article used, in the case
13 of a use tax.

14 (ii) If a county with a population of greater than one million
15 five hundred thousand has not imposed the full tax authorized under
16 (a) of this subsection within three years of the effective date of
17 this section, any city legislative authority located in that county
18 may submit an authorizing proposition to the city voters at a special
19 or general election and, if the proposition is approved by a majority
20 of persons voting, impose the whole or remainder of the sales and use
21 tax rate in accordance with the terms of this chapter. The title of
22 each ballot measure must clearly state the purposes for which the
23 proposed sales and use tax will be used. The rate of tax under this
24 section may not exceed one-tenth of one percent of the selling price
25 in the case of a sales tax, or value of the article used, in the case
26 of a use tax.

27 (c) If a county imposes a tax authorized under (a) of this
28 subsection after a city located in that county has imposed the tax
29 authorized under (b) of this subsection, the county must provide a
30 credit against its tax for the full amount of tax imposed by a city.

31 (d) The taxes authorized in this subsection are in addition to
32 any other taxes authorized by law and must be collected from persons
33 who are taxable by the state under chapters 82.08 and 82.12 RCW upon
34 the occurrence of any taxable event within the county for a county's
35 tax and within a city for a city's tax.

36 (2)(a) Notwithstanding subsection (4) of this section, a minimum
37 of sixty percent of the moneys collected under this section must be
38 used for the following purposes:

1 (i) Constructing affordable housing, which may include new units
2 of affordable housing within an existing structure, and facilities
3 providing housing-related services; or

4 (ii) Constructing mental and behavioral health-related
5 facilities; or

6 (iii) Funding the operations and maintenance costs of new units
7 of affordable housing and facilities where housing-related programs
8 are provided, or newly constructed evaluation and treatment centers.

9 (b) The affordable housing and facilities providing housing-
10 related programs in (a)(i) of this subsection may only be provided to
11 persons within any of the following population groups whose income is
12 at or below sixty percent of the median income of the county imposing
13 the tax:

14 (i) Persons with mental illness;

15 (ii) Veterans;

16 (iii) Senior citizens;

17 (iv) Homeless, or at-risk of being homeless, families with
18 children;

19 (v) Unaccompanied homeless youth or young adults;

20 (vi) Persons with disabilities; or

21 (vii) Domestic violence survivors.

22 (c) The remainder of the moneys collected under this section must
23 be used for the operation, delivery, or evaluation of mental and
24 behavioral health treatment programs and services or housing-related
25 services.

26 (3) A county that imposes the tax under this section must consult
27 with a city before the county may construct any of the facilities
28 authorized under subsection (2)(a) of this section within the city
29 limits.

30 (4) A county that has not imposed the tax authorized under RCW
31 82.14.460 prior to the effective date of this section, but imposes
32 the tax authorized under this section after a city in that county has
33 imposed the tax authorized under RCW 82.14.460 prior to the effective
34 date of this section, must enter into an interlocal agreement with
35 that city to determine how the services and provisions described in
36 subsection (2) of this section will be allocated and funded in the
37 city.

38 (5) To carry out the purposes of subsection (2)(a) and (b) of
39 this section, the legislative authority of the county or city
40 imposing the tax has the authority to issue general obligation or

1 revenue bonds within the limitations now or hereafter prescribed by
2 the laws of this state, and may use, and is authorized to pledge, up
3 to fifty percent of the moneys collected under this section for
4 repayment of such bonds, in order to finance the provision or
5 construction of affordable housing, facilities where housing-related
6 programs are provided, or evaluation and treatment centers described
7 in subsection (2)(a)(iii) of this section.

8 (6)(a) Moneys collected under this section may be used to offset
9 reductions in state or federal funds for the purposes described in
10 subsection (2) of this section.

11 (b) No more than ten percent of the moneys collected under this
12 section may be used to supplant existing local funds.

13 **Sec. 702.** RCW 36.100.040 and 2015 c 151 s 1 are each amended to
14 read as follows:

15 (1) A public facilities district may impose an excise tax on the
16 sale of or charge made for the furnishing of lodging that is subject
17 to tax under chapter 82.08 RCW, except that no such tax may be levied
18 on any premises having fewer than forty lodging units. Except for any
19 tax imposed under subsection (4) or (5) of this section, if a public
20 facilities district has not imposed such an excise tax prior to
21 December 31, 1995, the public facilities district may only impose the
22 excise tax if a ballot proposition authorizing the imposition of the
23 tax has been approved by a simple majority vote of voters of the
24 public facilities district voting on the proposition.

25 (2) The rate of the tax may not exceed two percent and the
26 proceeds of the tax may only be used for the acquisition, design,
27 construction, remodeling, maintenance, equipping, reequipping,
28 repairing, and operation of its public facilities. This excise tax
29 may not be imposed until the district has approved the proposal to
30 acquire, design, and construct the public facilities.

31 (3) Except for a public facilities district created within a
32 county with a population of one million five hundred thousand or more
33 for the purpose of acquiring, owning, and operating a convention and
34 trade center, a public facilities district may not impose the tax
35 authorized in this section if, after the tax authorized in this
36 section was imposed, the effective combined rate of state and local
37 excise taxes, including sales and use taxes and excise taxes on
38 lodging, imposed on the sale of or charge made for furnishing of

lodging in any jurisdiction in the public facilities district exceeds eleven and one-half percent.

(4) To replace the tax authorized by RCW 67.40.090, a public facilities district created within a county with a population of one million five hundred thousand or more for the purpose of acquiring, owning, and operating a convention and trade center may impose an excise tax on the sale of or charge made for the furnishing of lodging that is subject to tax under chapter 82.08 RCW, except that no such tax may be levied on any premises: (a) Having fewer than sixty lodging units; or (b) classified as a hostel. The rate of the tax may not exceed seven percent within the portion of the district that corresponds to the boundaries of the largest city within the public facilities district and may not exceed 2.8 percent in the remainder of the district. The tax imposed under this subsection (4) may not be collected prior to the transfer date defined in RCW 36.100.230.

(5) To replace the tax authorized by RCW 67.40.130, a public facilities district created within a county with a population of one million five hundred thousand or more for the purpose of acquiring, owning, and operating a convention and trade center may impose an additional excise tax on the sale of or charge made for the furnishing of lodging that is subject to tax under chapter 82.08 RCW, except that no such tax may be levied on any premises: (a) Having fewer than sixty lodging units; or (b) classified as a hostel. The rate of the additional excise tax may not exceed two percent and may be imposed only within the portion of the district that corresponds to the boundaries of the largest city within the public facilities district and may not be imposed in the remainder of the district. The tax imposed under this subsection (5) may not be collected prior to the transfer date specified in RCW 36.100.230. The tax imposed under this subsection (5) must be credited against the amount of the tax otherwise due to the state from those same taxpayers under chapter 82.08 RCW. The tax under this subsection (5) may be imposed only for the purpose of paying or securing the payment of the principal of and interest on obligations issued or incurred by the public facilities district and paying annual payment amounts to the state under subsection (6)(a) of this section. The authority to impose the additional excise tax under this subsection (5) expires on the date that is the earlier of (a) July 1, 2029, or (b) the date on which all obligations issued or incurred by the public facilities district to

1 implement any redemption, prepayment, or legal defeasance of
2 outstanding obligations under RCW 36.100.230(3)(a) are no longer
3 outstanding.

4 (6)(a) Commencing with the first full fiscal year of the state
5 after the transfer date defined in RCW 36.100.230 and for so long as
6 a public facilities district imposes a tax under subsection (5) of
7 this section, the public facilities district must transfer to the
8 state of Washington on June 30th of each state fiscal year an annual
9 payment amount.

10 (b) For the purposes of this subsection (6), "annual payment
11 amount" means an amount equal to revenues received by the public
12 facilities district in the fiscal year from the additional excise tax
13 imposed under subsection (5) of this section plus an interest charge
14 calculated on one-half the annual payment amount times an interest
15 rate equal to the average annual rate of return for the prior
16 calendar year in the Washington state local government investment
17 pool created in chapter 43.250 RCW.

18 (c)(i) If the public facilities district in any fiscal year is
19 required to apply additional lodging excise tax revenues to the
20 payment of principal and interest on obligations it issues or incurs,
21 and the public facilities district is unable to pay all or any
22 portion of the annual payment amount to the state, the deficiency is
23 deemed to be a loan from the state to the public facilities district
24 for the purpose of assisting the district in paying such principal
25 and interest and must be repaid by the public facilities district to
26 the state after providing for the payment of the principal of and
27 interest on obligations issued or incurred by the public facilities
28 district, all on terms established by an agreement between the state
29 treasurer and the public facilities district executed prior to the
30 transfer date. Any agreement between the state treasurer and the
31 public facilities district must specify the term for the repayment of
32 the deficiency in the annual payment amount with an interest rate
33 equal to the twenty bond general obligation bond buyer index plus one
34 percentage point.

35 (ii) Outstanding obligations to repay any loans deemed to have
36 been made to the public facilities district as provided in any such
37 agreements between the state treasurer and the public facilities
38 district survive the expiration of the additional excise tax under
39 subsection (5) of this section.

1 (iii) For the purposes of this subsection (6)(c), "additional
2 lodging excise tax revenues" mean the tax revenues received by the
3 public facilities district under subsection (5) of this section.

4 (7) A public facilities district is authorized to pledge any of
5 its revenues, including without limitation revenues from the taxes
6 authorized in this section, to pay or secure the payment of
7 obligations issued or incurred by the public facilities district,
8 subject to the terms established by the board of directors of the
9 public facilities district. So long as a pledge of the taxes
10 authorized under this section is in effect, the legislature may not
11 withdraw or modify the authority to levy and collect the taxes at the
12 rates permitted under this section and may not increase the annual
13 payment amount to be transferred to the state under subsection (6) of
14 this section.

15 (8) The department of revenue must perform the collection of such
16 taxes on behalf of the public facilities district at no cost to the
17 district, and the state treasurer must distribute those taxes as
18 available on a monthly basis to the district or, upon the direction
19 of the district, to a fiscal agent, paying agent, or trustee for
20 obligations issued or incurred by the district.

21 (9) Except as expressly provided in this chapter, all of the
22 provisions contained in RCW 82.08.050 and 82.08.060 and chapter 82.32
23 RCW have full force and application with respect to taxes imposed
24 under the provisions of this section.

25 (10) In determining the effective combined rate of tax for
26 purposes of the limit in subsection (3) of this section, the tax rate
27 under section 701 of this act is not included.

28 (11) The taxes imposed in this section do not apply to sales of
29 temporary medical housing exempt under RCW 82.08.997.

30 ~~((11))~~ (12)(a) For the purposes of this section, "hostel" means
31 a structure or facility where a majority of the rooms for sleeping
32 accommodations are hostel dormitories containing a minimum of four
33 standard beds designed for single-person occupancy within the
34 facility. Hostel accommodations are supervised and must include at
35 least one common area and at least one common kitchen for guest use.

36 (b) For the purpose of this subsection, "hostel dormitory" means
37 a single room, containing four or more standard beds designed for
38 single-person occupancy, used exclusively as nonprivate communal
39 sleeping quarters, generally for unrelated persons, where such
40 persons independently acquire the right to occupy individual beds,

1 with the operator supervising and determining which bed each person
2 will occupy.

3 **Sec. 703.** RCW 67.28.181 and 2004 c 79 s 8 are each amended to
4 read as follows:

5 (1) The legislative body of any municipality may impose an excise
6 tax on the sale of or charge made for the furnishing of lodging that
7 is subject to tax under chapter 82.08 RCW. The rate of tax shall not
8 exceed the lesser of two percent or a rate that, when combined with
9 all other taxes imposed upon sales of lodging within the municipality
10 under this chapter and chapters 36.100, 67.40, 82.08, and 82.14 RCW,
11 equals twelve percent. A tax under this chapter shall not be imposed
12 in increments smaller than tenths of a percent.

13 (2) Notwithstanding subsection (1) of this section:

14 (a) If a municipality was authorized to impose taxes under this
15 chapter or RCW 67.40.100 or both with a total rate exceeding four
16 percent before July 27, 1997, such total authorization shall continue
17 through January 31, 1999, and thereafter the municipality may impose
18 a tax under this section at a rate not exceeding the rate actually
19 imposed by the municipality on January 31, 1999.

20 (b) If a city or town, other than a municipality imposing a tax
21 under (a) of this subsection, is located in a county that imposed
22 taxes under this chapter with a total rate of four percent or more on
23 January 1, 1997, the city or town may not impose a tax under this
24 section.

25 (c) If a city has a population of four hundred thousand or more
26 and is located in a county with a population of one million or more,
27 the rate of tax imposed under this chapter by the city shall not
28 exceed the lesser of four percent or a rate that, when combined with
29 all other taxes imposed upon sales of lodging in the municipality
30 under this chapter and chapters 36.100, 67.40, 82.08, and 82.14 RCW,
31 equals fifteen and two-tenths percent.

32 (d) If a municipality was authorized to impose taxes under this
33 chapter or RCW 67.40.100, or both, at a rate equal to six percent
34 before January 1, 1998, the municipality may impose a tax under this
35 section at a rate not exceeding the rate actually imposed by the
36 municipality on January 1, 1998.

37 (3) Any county ordinance or resolution adopted under this section
38 shall contain a provision allowing a credit against the county tax

1 for the full amount of any city or town tax imposed under this
2 section upon the same taxable event.

3 (4) In determining the effective combined rate of tax for
4 purposes of the limit in subsections (1) and (2)(c) of this section,
5 the tax rate under section 701 of this act is not included.

6 **Sec. 704.** RCW 82.14.410 and 2001 c 6 s 1 are each amended to
7 read as follows:

8 (1) A local sales and use tax change adopted after December 1,
9 2000, must provide an exemption for those sales of lodging for which,
10 but for the exemption, the total sales tax rate imposed on sales of
11 lodging would exceed the greater of:

12 (a) Twelve percent; or

13 (b) The total sales tax rate that would have applied to the sale
14 of lodging if the sale were made on December 1, 2000.

15 (2) For the purposes of this section:

16 (a) "Local sales and use tax change" is defined as provided in
17 RCW 82.14.055.

18 (b) "Sale of lodging" means the sale of or charge made for the
19 furnishing of lodging and all other services by a hotel, rooming
20 house, tourist court, motel, trailer camp, and the granting of any
21 similar license to use real property.

22 (c) "Total sales tax rate" means the combined rates of all state
23 and local taxes imposed under this chapter and chapters 36.100,
24 67.28, 67.40, and 82.08 RCW, and any other tax authorized after March
25 29, 2001, if the tax is in the nature of a sales tax collected from
26 the buyer, but excluding taxes imposed under RCW 81.104.170 before
27 December 1, 2000, and taxes imposed under section 701 of this act.

28 **PART VIII**
29 **MISCELLANEOUS**

30 NEW SECTION. **Sec. 801.** No direct or collateral attack on any
31 program purported to be authorized or created in conformance with
32 this chapter may be commenced more than thirty days after creation.

33 NEW SECTION. **Sec. 802.** Sections 101 through 305, 401, 501, 502,
34 and 601 of this act constitute a new chapter in Title 36 RCW.

1 NEW SECTION. **Sec. 803.** If any provision of this act or its
2 application to any person or circumstance is held invalid, the
3 remainder of the act or the application of the provision to other
4 persons or circumstances is not affected.

5 NEW SECTION. **Sec. 804.** The provisions of this act must be
6 liberally construed to effectuate the policies and purposes of this
7 act.

8 NEW SECTION. **Sec. 805.** Section 404 of this act expires January
9 1, 2018.

10 NEW SECTION. **Sec. 806.** Section 405 of this act takes effect
11 January 1, 2018.

--- END ---

CulturalAccess

WASHINGTON

BAINBRIDGE ISLAND

ARTS SCIENCE HERITAGE

A publicly funded program established to expand cultural access to arts, heritage, and science organizations in counties and cities across Washington State.

BACKGROUND

- State House Bill 2263 signed into law July 2015.
- Granted WA counties authority to create a Cultural Access Program.
- Kitsap County declined to bring Cultural Access portion of bill to ballot in 2016.

OPPORTUNITY

- Option passed to cities in Kitsap County.
- Bainbridge now has opportunity to bring to voters.
- \$412,000 to support access to cultural organizations on Bainbridge Island.

BENEFIT

- Consistent and sustainable funding.
- Nonprofits and schools.
- Increased citizen access to cultural programming.

BAINBRIDGE ISLAND SCHOOLS

- Increases cultural experiences in classroom and out in community.
- Covers transportation for field trips.
- Supports district programs during funding challenges.

Improves educational outcomes.

Invests in our economy.

Helps us meet challenges of changing environment.

Builds community.

Contributes to quality of life.

SUPPORTS COMPREHENSIVE PLAN

Over 50 instances in plan that relate to Cultural Access program.

Support, protect and enhance the value of arts and humanities as essential to education, quality of life, economic vitality, broadening of mind and as treasure in trust for our descendants. Goal CUL – 1

Questions

- Sales tax?
- Who is going to manage the funds?

BAINBRIDGE ISLAND
MUSEUM OF ART

Arts & Humanities
bainbridge

Ask to Council

- Work with City Staff to learn more about bill.
- Vote to put measure on November 2017 ballot.

Subject: 7:20 PM Citizen Advisory Committee Appointments for the Affordable Housing Task Force, Climate Change Advisory Committee and Lodging Tax Advisory Committee, AB 17-097 – Mayor Tollefson (Pg. 56)	Date: 6/20/2017
Agenda Item: NEW BUSINESS	Bill No.: AB 17-097
Proposed By: Mayor Tollefson	Referrals(s):

BUDGET INFORMATION

Department: Council	Fund:	
Expenditure Req:	Budgeted? No	Budget Amend. Req? No

REFERRALS/REVIEW

:	Recommendation:	
City Manager:	Legal: Yes	Finance: N/A

DESCRIPTION/BACKGROUND

A call for participation was issued for volunteers to join the following citizen advisory groups:

Affordable Housing Task Force

At its May 9, 2017, meeting, the City Council approved establishment of an Affordable Housing Task Force, to consist of 15-20 members. 26 written applications were received. One applicant did not submit his application in writing, due to a miscommunication between Mayor Tollefson and the Bainbridge Island Land Trust.

Mayor Tollefson and Deputy Mayor Peltier reviewed the written applications and initially agreed on 20 to recommend to the City Council for appointment. Concerns have been raised regarding the appointment of an applicant who did not submit in writing, and regarding the qualification of one other applicant. In addition, the City Council should independently review the applications of several of the other applicants and determine whether to appoint them, or to appoint fewer members to this Task Force. Accordingly, Mayor Tollefson has divided the appointment recommendations into two groups.

Mayor Tollefson and Deputy Mayor Peltier agree and recommend that the following 16 applicants be appointed to the Affordable Housing Task Force: Ann Huff, Emma Aubrey, Stephen Deines, Pat Callahan, Jeffrey Brown, Jane Allen, Phedra Elliott, Sharon Gilpin, Stuart Grogan, Edward Kushner, Ann Lovejoy, Bill Luria, Pegeen Mulhern, Charles Wenzlau, Althea Paulson, and David Shorett.

The following applicants should be considered if the City Council wishes to appoint more than 16 members to the Task Force: Kate O'Brien, Rasham Nassar, Phyllis Katz, Linda Allen, and William Booth.

Mr. Booth has offered participation as a representative of the Bainbridge Island Land Trust. Because of conversations between Mayor Tollefson and representatives of the Land Trust, Mr. Booth was under the impression that he would be appointed without need for a new application having recently applied to be a member of the Historical Preservation Commission.

In addition, two sitting members of the Planning Commission, Jon Quitslund and Bill Chester, have indicated an interest in serving as liaison from the Planning Commission to the Task Force. The City Council should decide whether to ask one or both of them to serve.

Finally, since it might be wise to provide the Task Force with a clear statement of the Council's intent, it is recommended that the Council consider whether the attached Instructions, or some modification thereof, should be provided to Task Force members.

Climate Change Advisory Committee

The City received 12 applications for the 7 positions on the Climate Change Advisory Committee. Mayor Tollefson and Deputy Mayor Peltier screened the applications, and selected 5 names to submit to the Council. There were 3 other applications from which they wanted to select 2 additional recommendations. Deputy Mayor Peltier and Councilmember Roth interviewed the 2 candidates who were not personally known to the City and, on the basis of those interviews, the following 7 applicants are recommended for appointment to this Committee: Gary Lagerloef, Lara Hansen, Michael Cox, Derik Broekhoff, Nora Ferm Nickum, David McCaughey, and James Rufo-Hill.

Of the remaining applicants, 2 are particularly qualified and interested in serving. It is recommend that the Council consider whether it wants to either temporarily or permanently increase the membership of this advisory committee to 9 members. When the City worked a few years ago on standardizing advisory committees, the Council gave some thought to what size is most effective, and landed on 7. As Deputy City Manager Smith recalls, the reasons included a preference for an odd number, not being too large to keep the chairs full as terms expire, and keeping the threshold for a quorum low. If the Council decides to increase the size of this Committee, either permanently or temporarily, the following additional applicants could be considered for appointment: Jane Silberstein and Deborah Rudnick.

Lodging Tax Advisory Committee

Councilmembers Scott and Townsend reviewed 4 applications and recommend the following appointments: Susie Burdick, Dominique Cantwell, Nancy Fortner, and Patricia Nash.

RECOMMENDED ACTION/MOTION

I move to forward to the June 27, 2017, consent agenda appointments to the Affordable Housing Task Force, Climate Change Advisory Committee, and the Lodging Tax Advisory Committee as discussed by the Council.

I move to forward to the June 27, 2017, consent agenda the written instructions as discussed by the Council to the Affordable Housing Task Force.

Jane E. Allan

Bainbridge Island, Washington 98110

Phone ● Email:

Bainbridge Island Senior Community Center, BIMPRD

Assistant Director February, 1999 - 2001; *Director: Co-shared* February 2001 – November 2003; *Full-time*, November 2003- - Present.

- ◆ Manages the Senior Center.
- ◆ Provides a voice for senior issues in the community.

Bainbridge Island Health Housing and Human Services Council

Consultant, 2001

- ◆ Researched approaches to human services needs assessment study conducted by other communities. Contacted the communities to identify the strength and weakness of each approach.
- ◆ Prepared a summary of different needs assessments models. Developed a decision-making questionnaire to frame issues the Needs Assessment Task Force needed to address in order to make a decision on the type of study to be undertaken.
- ◆ Worked with Executive Director to develop the work plan for needs assessment process.

PLANNING EXPERIENCE

City of Bainbridge Island, Department of Planning and Community Development

Senior Planner, Long Range Planning Section: September 1995 - July 1998

Associate Planner: March 1991 - September 1995

- ◆ Responsible for the development of the City's Comprehensive Plan, several neighborhood plans, the downtown master plan and numerous implementing regulations. Worked with citizen advisory groups, Planning Commission, City Council, staff and the public to develop plans and regulations that reflected the consensus of the community and met the legal requirements.
- ◆ Provided the Commission, Council and advisory committees with the tools they needed to make decisions. Researched issues, developed options and the pros and cons of those options, prepared decision-making matrices and then drafted the final decisions.
- ◆ Hired and supervised a variety of consultants.
- ◆ Demonstrated strong and effective oral and written communication skills. Made extensive presentations to City Council, Planning Commission and civic groups. Prepared numerous reports, brochures, newsletters and written materials to help the decisionmakers and the public understand complex issues.
- ◆ Supervised a staff of six comprising the long planning section. Worked with each staff person to develop a workplan that was realistic, resolve conflicts and address workload issues
- ◆ Established an overall workplan for the Planning Department to coordinate the review and/or approval of the Planning Commission and City Council of a variety of community plans and regulations.

LEGAL EXPERIENCE

Venerable, Baetjer & Howard (formerly Titus & Glasgow), One Church Street, Rockville, MD,
January, 1988 to July 1990

- ◆ Represented clients at both administrative and legislative proceedings in a variety of land use matters (e.g., zoning issues, comprehensive plan amendments).
- ◆ Provided legal advice to several municipalities on a variety of legal issues, including questions on the legal relationship of a municipality to county and state government.
- ◆ Advised the Montgomery County Board of Education on education related matters, including questions of conflict of interest and interpretation of recent legislation. Co-conducted a workshop for special education hearing examiners on procedural issues.
- ◆ Handled commercial, landlord-tenant, real estate and corporate matters.

Maryland-National Capital Park and Planning Commission,
8787 Georgia Avenue, Silver Spring, Maryland

Managing Attorney for the Montgomery County Office, Fall, 1985 - December 1987

Associate Attorney for the Montgomery County Office, April 1984 - Fall, 1985

- ◆ Supervised and directed junior associates and clerical staff.
- ◆ Responsible for litigation at both the trial court and appellate levels.
- ◆ Provided legal advice to Planning Board and drafted written opinions for the Board.
- ◆ Advised planning and park staff on a variety of legal issues.
- ◆ Prepared and reviewed various legal documents, including deeds, leases, contracts and documents required during the development process.

Private Practice, Established in 1982

- ◆ Represented children in Juvenile Court proceedings; conducted real estate settlements, provided legal advice on a variety of legal issues.

Subcommittee on Rules, U.S. House of Representatives, 1979 - 1982

Staff Attorney, 1980 - 1982

Legal Research Assistant, 1979-1980

- ◆ Researched, edited and drafted portions of Subcommittee Reports.
- ◆ Provided legal and policy research on matters before the Subcommittee.
- ◆ Monitored legislative activities of Senate and House Committees.

Citizen Advisory Group Application

Step 1

Please complete the form below if you are interested in serving on a committee or commission. Please note: once submitted, this application becomes a public record. Your address and contact information will not be shared.

Applicant Name	Linda Allen
Email	
Phone	
Address	
City	Bainbridge Island
State	Wa
Zip	98110
Current Employer	Retired owner of Fox Paw in Winslow
Current Position	Retired
I am interested in serving on one of the following advisory groups (select all that apply):	Affordable Housing Task Force

Experience & Qualifications

Have you served on any city advisory groups in the past?	No
If so, please indicate which groups:	<i>Field not completed.</i>
Please share your qualifications for this appointment (skills, activities, training,	45 years on the Island doing Interior Design work. I've always had an interest in affordable quality and design, with underlying interest in survival, smaller dwellings, shared housing, and group senior housing with an emphasis on age in place.

education) if any:

Please share your community interests (groups, committees, organizations) if any:

No organizations. I've been investigating affordable housing, housing for homeless, tiny and small house solutions, tiny houses on wheels and affordable housing for years. I've shared these findings with the BI City Council and COBI for the past 2 or 3 years. I've shared designs for tiny and small independent dwellings, as well as designs for clustered tiny and small house communities. I've shared designs for dealing with homeless housing. In addition to the Island, I've shared this material with housing groups in Kitsap County, who are actively engaged in and moving forward with much of the material I've shared with them. Zoning, coding and permitting need to be changed, updated, and brought into present time to meet the personal, affordable, and clustered housing needs in our State.

Feel free to attach your resume (optional):

EMMA L. AUBREY

| Bainbridge Island, WA 98110 | | | WSBA #52076

EDUCATION

Seattle University School of Law

Juris Doctor, cum laude

Seattle, WA

December 2016

Class Rank/GPA:

Top 25%/3.489

Honor:

Washington State Association for Head Start, *Parent Ambassador Scholarship*

Advocacy:

Frederick C. Tausend Moot Court Competition, *Quarterfinalist*; National Moot Court Team; Washington Education Law and Policy Review, *Contributing Author*

Leadership:

Public Interest Law Foundation, *Board Member*

University of Wyoming

Bachelor of Science, Business Administration

Laramie, WY

May 2009

EXPERIENCE

Youth Advocacy Clinic, Seattle University School of Law

Rule 9 Intern

Seattle, WA

June – July 2016

Appeared in court for an expedited modification of probation hearing. Negotiated and appeared for a deferred disposition. Interviewed a client and his family in preparation to file a Clemency petition. Counseled client on various matters, including whether to accept a deferred disposition and whether to admit or deny a probation violation. Prepared memoranda for incoming students who were taking over client cases. Analyzed issues regarding whether the Clinic can help a juvenile offender with a personal restrain petition.

Federal Public Defender for the Western District of Washington

Rule 2 Intern

Seattle, WA

June – July 2016

Appeared in court for hearings. Researched legal issues and drafted memoranda for a direct appeal involving a murder conspiracy conviction. Interviewed clients at the Federal Detention Center and in lock-up. Researched whether certain crimes are considered crimes of violence. Prepared memoranda, motions, and proposed orders. Attended the Federal Civil Rights Clinic.

United States Department of Justice, Western District of Washington

Legal Extern

Seattle, WA

January – May 2016

Researched legal issues and drafted memoranda on civil rights issues. Reviewed a defendant's calls from jail to determine whether he tried to influence a witness's testimony. Researched a search and seizure issue to evaluate whether a written trespass agreement can be the basis to establish reasonable suspicion to detain an individual on private property. Explored post-trial questions related to the calculation of the defendant's sentencing guidelines. Discovered the statute of limitations for an immigration-related crime and the admissibility of a foreign war crimes judgment to prove naturalization fraud.

Department of Education Office for Civil Rights

Legal Extern

Seattle, WA

June – December 2015

Interviewed complainants, recipients, and witnesses in Title IX, Title VI, and Section 504 for active investigations. Drafted notification letters to recipients of federal funding. Identified legal issues in pending investigations, including whether a policy violates Title IX and whether a complainant faced retaliation. Reviewed policies and procedures of federal funding recipients to determine compliance with Title IX requirements. Participated in conducting early complaint resolution processes and on-site reviews for a recipient's compliance with Title IX. Monitored compliance of settlement agreements with federal funding recipients by evaluating reports and drafting monitoring letters. Created a community outreach plan for an active compliance review.

EMMA L. AUBREY

| Bainbridge Island, WA 98110 | | | WSBA #52076

Calfo Harrigan Leyh & Eakes

Legal Assistant

Seattle, WA

June – September 2013

Edited correspondence to clients and opposing counsel in business litigation matters. Reviewed and revised pleadings such as pretrial motions. Filed complaints, answers, and motions electronically with state, federal, and appellate courts. Maintained, organized, and indexed approximately seventy-five case files.

Otorowski Johnston Morrow & Golden

Legal Assistant

Bainbridge Island, WA

August 2010 – May 2013

Prepared and formatted client and counsel correspondence and memoranda. Filed pleadings, scheduled appointments, maintained case files, and entered and maintained medical specials. Prepared discovery requests and responses, including special interrogatories. Corresponded directly with insurance companies on pending litigation matters.

ADDITIONAL INFORMATION

Volunteer:

Citizen Advisory Group Application

Step 1

Please complete the form below if you are interested in serving on a committee or commission. Please note: once submitted, this application becomes a public record. Your address and contact information will not be shared.

Applicant Name Pat Callahan

Email

Phone

Address

City Seattle

State Washington

Zip 98101

Current Employer Urban Renaissance Group

Current Position CEO

I am interested in serving on one of the following advisory groups (select all that apply): Affordable Housing Task Force

Experience & Qualifications

Have you served on any city advisory groups in the past? Yes

If so, please indicate which groups:

- Member of the Kitsap County Economic Development Alliance - Global Trustee for the Urban Land Institute - Transit Oriented Development Council, Urban Land Institute - Board Member of Forterra - Former Chair and Currently on the Board of Directors of the Downtown Seattle Association - Downtown Seattle Transportation Alliance Board Member - Founding Chair of the Quality Growth Alliance - Member of the American Executive

Please share your qualifications for this appointment (skills, activities, training, education) if any:

I have been working in the commercial real estate sector for 30 years. In 2006, I founded Urban Renaissance Group. We are a full service commercial real estate firm involved in investments, development, construction and property management with an 8.5 million square foot operating platform in Seattle, Bellevue, Portland and Denver. In 2014, we acquired Touchstone our Seattle development arm. Though I do not have direct experience working with Affordable Housing, I can contribute my background in development to this task force. For reference, Urban Renaissance Group owns Island Village Shopping Center on High School Road. Joshua Green Corporation is a major investor in Urban Renaissance Group.

Please share your community interests (groups, committees, organizations) if any:

My family has lived on Bainbridge Island for over 16 years. My wife, Karen, and I have raised our four children on the island and love to call it 'home'. I have also enjoyed owning Island Village, a real estate asset in the community in which I love. While I have never served on a City task force, I have served in other civic roles as outlined in my other response. Through membership on the Kitsap County Economic Development Council, I have been able to serve my community closer to home. Forterra's work also impacts our community.

Feel free to attach your resume (optional):

"America is poised for the re-urbanization of its major cities, and Urban Renaissance Group will continue to act as a catalyst that understands and ignites that change."

Seattle, Washington

As Founder and Chief Executive Officer, Patrick Callahan drives the vision, strategy and overall direction at Urban Renaissance Group (URG), a full-service commercial real estate operating company with an operating platform of approximately 8.5 million square feet, over 160 employees and approximately \$5.0 Billion of assets under management. Since founding URG in Seattle, Washington in 2006, Patrick has guided the team in delivering four NAIOP award winning projects; 1600 Seventh, Polyclinic, 1320 Broadway and the 100+ year old Joshua Green Building, in addition to the acquisition of Touchstone, a local Seattle development firm. In 2016, Touchstone was named NAIOP National Developer of the Year.

With almost 30 years of experience in the real estate industry, Patrick has been directly involved in numerous major lease transactions, acquisitions, development projects, assimilations, asset repositions and renovations. URG has placed more than \$2 billion in capital in downtown Seattle, Portland and Denver in the last 24 months alone.

Prior to founding URG in 2006, Patrick held numerous key roles at Equity Office Properties Trust (EOP). As Senior Vice President and regional head, he oversaw a business unit of 18 million square feet, 114 buildings, 300 employees and more than \$450 million in revenues in Seattle and Bellevue, WA; Portland, OR; and Denver, Co. He was also directly involved in more than 30 million square feet of acquisitions and 2.5 million square feet of completed development projects across nine markets. He played a role in one of the largest transactions in U.S. history when EOP acquired Spieker Properties for \$7.2 billion in February 2001.

Patrick is deeply involved within Seattle real estate, civic and professional organizations. At Urban Land Institute (ULI), he is a Global Trustee and a member of the organization's Transit Oriented Development (TOD) Council. Previously, he also served as ULI Seattle Chair and ULI Office Development Council member. He also served as co-chair of the ULI Spring Meeting in 2017. At the Downtown Seattle Association (DSA), Patrick currently serves as Chair of the Urban Experience Committee and is an Executive Committee Member on the Board of Directors. In addition, Pat has served as DSA Chair, DSA Strategic Agenda Taskforce Chair and Downtown Transportation Alliance Board Member. Patrick was also the founding Chair of the Quality Growth Alliance.

Experience & Qualifications

Have you served on any city advisory groups in the past? Yes

If so, please indicate which groups: Community Housing Coalition Winslow Tomorrow

Please share your qualifications for this appointment (skills, activities, training, I believe I can bring a broad range of experience and expertise to the Task Force. I am presently a Board member of the Bainbridge Island Senior Center (BISC) directly involved in housing issues affecting the largest growing demographic (by %)

education) if any:

on the Island. Issues and concerns pertaining to affordability, accessibility, aging in place, rate high in surveys conducted by BISC of its membership. Prior to joining the Board of BISC, I worked with Housing Resources Bainbridge on a variety of housing development-related projects and programs, including initial development of the HDDP, the Comprehensive Plan, and grant applications to the Housing Trust Fund. I am a former member of the B. I. Planning Commission (and served as its Chair). In addition, I served on the Community Housing Coalition. This experience has given me a unique insight into what opportunities and limitations exist in developing and implementing housing policies and programs here on Bainbridge. Other former community involvement includes member of the Board of Sustainable Bainbridge and Board member of the Bainbridge chapter of the Washington Conservation Voters. I was also a Governor-appointee and vice-Chair on the Washington State Independent Living Council. I am presently a member of the Government Relations Committee of the National Multiple Sclerosis Society. My family and I are 27-year residents of Bainbridge. Prior to moving to Bainbridge I held a number of positions that I believe will be an asset to the Task Force. I served as Director of the Community Development Department of the Municipality of Anchorage and Deputy Director of the Alaska Governor's Office of Policy Development & Planning. I also served as Director of Planning and Compliance for the Washington State Puget Sound Water Quality Authority. My private sector experience included Western Regional Manager of Apogee Research, a national environmental and transportation economics consulting firm, Manager of Planning Services for Heery International, a national project management firm, and Planning Director for Carlson Architects LLC. I hold a Bachelor's degree in Electrical Engineering from Rensselaer Polytechnic Institute, a Master's degree in Business Administration from New York University and a Master's Degree in Urban Planning from Hunter College.

Please share your community interests (groups, committees, organizations) if any:

Citizen Advisory Group Application

Step 1

Please complete the form below if you are interested in serving on a committee or commission. Please note: once submitted, this application becomes a public record. Your address and contact information will not be shared.

Applicant Name	Pegeen Mulhern
Email	
Phone	
Address	
City	Bainbridge Island
State	WA
Zip	98110
Current Employer	Nicoll Black & Feig
Current Position	attorney, of counsel
I am interested in serving on one of the following advisory groups (select all that apply):	Affordable Housing Task Force

Experience & Qualifications

Have you served on any city advisory groups in the past?	Yes
If so, please indicate which groups:	Shoreline Management Program Steering Committee 2002-2003
Please share your qualifications for this appointment (skills, activities, training,	Prior to and during my run for city council in 2015 I was involved with the public input on the Visconsi project, and the public process for the Comprehensive Plan update. I also became very familiar with the Comp Plan, the planning code and I attended

education) if any:

numerous council meetings to gain a better understanding of the workings of our city government. I have been a member of land trust on the east coast, that partners with community organizations to create affordable housing, for over 20 years. I think there are lessons from that group that we could bring to Bainbridge. On June 30, 2016 I attended the full-day Kitsap Homeless Workshop organized by County Commissioner Garrido. There I was able to connect with many of the individuals throughout Kitsap County who are working to address homelessness. In my circle of friends, and while campaigning, I have come to know many people who either struggle with, or have been forced to move off Bainbridge because of, the lack of affordable housing on the island. I would like to work as part of the solution.

Please share your community interests (groups, committees, organizations) if any:

In my 26 years on Bainbridge I have been involved in a wide variety of community service. I am currently the chair of the committee planning the Kitsap Out of the Darkness community walk in conjunction with AFSP. I have also recently joined the board member of Salish Seas Expeditions (youth STEM on the water programs). I have served on many on BISD committees (highly capable program advisory committee, curriculum committees, parent teacher committees). I have been a Girl Scout leader (12 years). I have served as legal research team volunteer for LegalVoice and worked in the 2012 election as a voter protection volunteer. I have served on my church council. I was a member of the WSF Advisory Committee from 2001-2004.

Current Employer Gibbons and Riely, PLLC

Current Position Certified Commercial Real Estate Appraiser Trainee

I am interested in serving on one of the following advisory groups (select all that apply): Affordable Housing Task Force

Experience & Qualifications

Have you served on any city advisory groups in the past? No

If so, please indicate which groups: *Field not completed.*

Please share your qualifications for this appointment (skills, activities, training, I hold a Bachelor's Degree in Philosophy from the University of California at Berkeley. I have post-graduate education in Commercial Real Estate Appraisal at the Appraisal Institute - I hold a Real Estate Appraiser Trainee license reflective of my

education) if any:

completion of the base level requirements for employment in this field. My work in appraisal has afforded me unique and extensive insight into the greater Puget Sound real estate market. I'm experienced in performing market analysis as pertains to real estate, and have done so repeatedly on Bainbridge Island, as well as in Seattle and other cities within Puget Sound. Furthermore I've worked on appraisal assignments directly pertaining to the economic pressures impacting the current local housing market, which includes having performed extensive research on housing and housing affordability. I am also a local farmer, and as such am involved in a community where housing affordability is a requisite to maintaining a vibrant work force of farmers on-Island. I am passionate about the issue of affordable housing. Originally from the Bay Area and the daughter of immigrants I consider this issue necessary to promote social balance on the island. Finding ways to do this that do not interfere with our environmental goals is the challenge of our time, and will require a creative and innovative approach inspired by the success of other cities nationwide. I hope to bring my enthusiasm, professionalism, and experience to this task force, working together towards positive and progressive solutions, in the interest and benefit of all. I am also happy to provide a resume per request.

Please share your community interests (groups, committees, organizations) if any:

My foremost community interest is farming - my husband and I own a small organic farm here on Bainbridge Island and have become quite involved in the farming community. We started a community food recycling program and are scheduled to teach classes on organic farming and sustainability topics this fall. I also co-founded the Bainbridge Island Farmer's Association in order to provide resources, education, and support to local farmers through our Facebook platform. I am also a member of the Bainbridge Island Tennis Association. As a member of Warm Showers, an organization providing local resources to bicycle tourists, we have provided temporary housing to visiting cyclists as well as to farmers in transition to their internships at some of the larger farms on the Island, including HeyDay and Friends of the Farms. My husband and I are avid cyclists and prior to purchasing our farm here on Bainbridge toured for 2 years around the world by bike. I've also become recently involved in local environmental advocacy. Through this I have become acquainted with numerous community members and groups, such as Let's Pull Together and Sustainable Bainbridge.

Citizen Advisory Group Application

Step 1

Please complete the form below if you are interested in serving on a committee or commission. Please note: once submitted, this application becomes a public record. Your address and contact information will not be shared.

Applicant Name	Kate O'Brien
Email	
Phone	
Address	
City	Bainbridge Island
State	WA
Zip	98110
Current Employer	Self Employed
Current Position	Stay at Home Parent
I am interested in serving on one of the following advisory groups (select all that apply):	Affordable Housing Task Force
Experience & Qualifications	
Have you served on any city advisory groups in the past?	No
If so, please indicate which groups:	<i>Field not completed.</i>
Please share your qualifications for this appointment (skills, activities, training,	I have a Bachelors Degree in Economics from UC Santa Barbara. While there I studied the economic impact of homelessness on Santa Barbara. The state legislature had passed a budget which made drastic cuts to mental health

education) if any:	funding including many state-funded mental health hospitals. As such we studied how best to allocate financial resources to both stabilizing the homeless population as well as providing them the services they needed. After college I spent eight years in sales and marketing so I can make calls until my fingers ache, read prospectuses until I'm blurry and make presentations until I'm hoarse. I can synthesize data on the fly and present information in a succinct and specialized manner depending on the audience.
Please share your community interests (groups, committees, organizations) if any:	I am an extremely active volunteer at both of my three children's schools: The Island School and Hyla Middle School. Specifically I've worked on event planning for the schools' various fundraisers including both the annual carnivals and auctions. I also work on set design for their various performances. I can say unequivocally that volunteering at the level I do requires more acute project management skills than the for-salary positions I held prior to having children.

Relevant Experience

I practiced law for approximately twelve years, specializing in corporate and securities law. I am experienced in legal research, document drafting, interviewing clients, completing and filing legal forms, advising clients about compliance with laws and regulations, conducting contract negotiations, commercial transactions, client advocacy, and drafting affidavits. I was also the first in-house attorney for a large, privately-held corporation, where I established the legal department, provided legal advice, advocacy and assistance in the areas of corporate, labor, real estate and finance law, and referred matters to outside specialists, as necessary.

I have ten years of experience as a journalist and freelance writer. I have written about numerous housing-related topics, such as the Multi-Family Property Tax Exemption, HUD regulations, zoning law, and homelessness on Bainbridge Island. I have done detailed research into local, state and federal laws and regulations. I have interviewed people of all ages and occupations. I have made many requests for public records under state and federal law, and understand the requirements and exemptions under those laws.

Employment History

Freelance writer , special projects for nonprofits and local government; research, articles, essays, press releases, creative writing	2007-present
Bainbridge Buzz, LLC , Bainbridge Island, Washington Co-publisher and editor for one of the first independent local news websites in the country	2005-2007

Bainbridge Island City Council Instructions to 2017 Affordable Housing Task Force

Among the high priority implementing actions of the 2017 revised Comprehensive Plan is the establishment of an Affordable Housing Task Force to consider the revised Housing Element and make specific recommendations to the Council for near-term action.

Members of the Task Force have been chosen both for their interest in working on this issue, and for their recognition that improving access to affordable housing on Bainbridge Island is critical to maintaining a diverse and vibrant community.

The Bainbridge Island Comprehensive Plan defines “affordable housing” as “...*housing affordable to all economic segments of the population of this state. This is a goal of the state Growth Management Act. RCW 36.70A.020(4). When residential housing for rental or private individual ownership is occupied by low-income households, it is considered affordable if it requires payment of monthly housing costs, including utilities other than telephone, of no more than thirty percent of the family's income. WAC 365- 200-030(1).*”

From this definition, the Task Force should understand that its mandate is broader than simply considering low-income housing. It should consider housing affordability on Bainbridge Island across the economic spectrum.

The Task Force should review affordable housing-related materials that have been generated by or for the City in recent years, review relevant resource material, and review the goals and policies of our current Comprehensive Plan. While Affordable Housing, and therefore the Housing Element of the Comprehensive Plan, is the focus of this Task Force, it will be important for it to consider the goals and policies of ALL elements of the Comprehensive Plan. Where goals and policies seem to be in conflict, it will be incumbent on the Task Force to recommend solutions that balance the costs and benefits for the community.

The Task Force will decide on what detailed work is necessary to deliver to the Council specific recommendations, including but not limited to recommended changes to City zoning codes and regulations, which would most effectively advance the stated goals of the Comprehensive Plan. The Task Force also may arrive at conclusions or recommendations that involve the work of non-governmental organizations, which can be shared with those organizations either as part of the Task Force’s work, or after its final report.

The Task Force is asked to deliver a report to the City Council by the end of June, 2018. The Task Force will be dissolved upon acceptance of its report by the Council.

DERIK BROEKHOFF

**Stockholm Environment Institute – U.S.
Senior Scientist, Climate and Energy Program**

PROFESSIONAL SUMMARY

Derik has worked for over 20 years on energy and climate policy, at a mix of private firms, non-profits, and research organizations. His work at the Stockholm Environment Institute (SEI) focuses on assessing subnational and local climate change policies. Prior to joining SEI, Derik was Vice President for Policy at the Climate Action Reserve in Los Angeles, where he oversaw development of the Reserve's voluntary carbon offset program and its transition into California's regulatory program for reducing greenhouse gas emissions. Before that, he led work for the Greenhouse Gas Protocol Initiative at the World Resources Institute, focusing on how to quantify emission reductions from renewable energy projects. He has advised numerous state, national, and international policy initiatives on carbon accounting and program design, including voluntary and regulatory offset programs, and programs to reduce emissions from deforestation and degradation (REDD+). Derik has a master's degree in public policy (MPP) from the University of California at Berkeley, and a bachelor's degree in international relations from Stanford University.

EXPERIENCE

Senior Scientist, Stockholm Environment Institute (July 2015 – Present)

- Leading original research on the roles of city and national governments in urban climate change mitigation.
- Advising state and local governments on climate change policy and design of emissions trading systems.
- Leading baseline assessment of transportation-sector initiatives in Brazil.
- Advising the World Bank's Partnership for Market Readiness on baseline development for scaled-up crediting mechanisms under Article 6 of the Paris Agreement (ongoing), and on design of emissions trading registries (2015).
- Conducted original research on prospective carbon offset supply available to the international airline industry (2016).

Vice President for Policy, Climate Action Reserve (August 2008 – July 2015)

- Led the development of Climate Action Reserve program rules and policies to ensure transparency, equity, rigor, and practicality in the operation of the largest carbon offsets program in North America.
- Worked with California state officials to ensure the successful integration of the Climate Action Reserve program with California's regulatory cap-and-trade system.
- Led the Reserve's efforts to promote climate change policy development, including sharing of expertise on carbon market design and offset standards.
 - o Advised the government of Kazakhstan on the design, implementation, and operation of a domestic carbon offset program
 - o Advised the World Bank's Partnership for Market Readiness program, including drafting of technical guidance documents and review of country proposals

- o Advised the World Bank's Forest Carbon Partnership Facility, including drafting of options assessments related to REDD+ risk management
- o Advised and authored policy recommendations for the California REDD+ Offset Working Group (ROW)
- o Advised federal, state, and regional (e.g., Western Climate Initiative) regulators and lawmakers on carbon offset standards and program design.
- o Provided expertise and advice to numerous policy dialogues and initiatives including:
 - The Coalition for Agricultural Greenhouse Gases (C-AGG)
 - The Verified Carbon Standard (VCS)
 - The Offset Quality Initiative (OQI)
- Managed seven-person staff responsible for developing and updating standardized, performance-based carbon offset protocols including:
 - o A standardized U.S.-wide protocol for quantifying benefits of forest management and conservation activities.
 - o The first regulator-approved protocol to quantify the climate benefits of destroying ozone depleting substances.
 - o Protocols for quantifying GHG reductions associated with organic waste diversion; landfill methane capture and destruction; livestock methane capture and destruction; urban tree planting; and destruction of N₂O emissions from nitric acid plants.
 - o Standardized protocols for mitigation efforts in the agricultural sector, including improved rice cultivation, nitrogen management, and avoided grassland conversion.

Senior Associate, World Resources Institute (September 2004 – July 2008)

- Led work on WRI's *Greenhouse Gas Protocol Initiative*:
 - o Co-authored the WRI/WBCSD *Greenhouse Gas Protocol for Project Accounting*, an internationally recognized accounting standard for greenhouse gas reduction projects.
 - o Led a two-year multi-stakeholder effort to develop greenhouse gas accounting guidelines for renewable energy projects, and served as primary author of these guidelines.
- Managed WRI Climate Program activities related to emissions trading and carbon market policy development, focusing on carbon offsets and linkages between greenhouse gas trading systems.
- Provided input to U.S. policymakers on cap-and-trade policy and the design of carbon offset programs:
 - o Testified twice before the U.S. Congress (House and Senate) on carbon offset regulation and policy.
 - o Advised U.S. congressional staff on carbon offset policy design and implementation.
 - o Provided technical input to the U.S. Climate Action Partnership on carbon offsets and other cap-and-trade issues.
 - o Provided technical input to state policymakers designing the Regional Greenhouse Gas Initiative (RGGI).
 - o Served as technical advisor to the Western Climate Initiative's Offsets Subcommittee.
 - o Led initial stakeholder discussions on the design of a carbon offsets program for the Midwestern Greenhouse Gas Accord (MGGA).
- Provided input on the design and implementation of international and domestic voluntary carbon offsets programs:
 - o Served on the Steering Committee that created the Verified Carbon Standard.
 - o Served on the Offsets Committee for the Chicago Climate Exchange.
 - o Served on the advisory committee for the development of the Center for Resource Solutions' "Green-e Climate" offset certification standard.
 - o Served on the advisory board for the Climate Neutral Network.

- Authored reports and organized international workshops on linking greenhouse gas emissions trading systems.
- Presented at numerous U.S. and international conferences, workshops, and seminars related to greenhouse gas accounting, standards development, carbon offsets policy, emissions trading, and linking of trading systems.
- Published numerous articles, reports, and papers on carbon offsets policy, market design, and standard setting.

Senior Policy Analyst, Trexler Climate + Energy Services, Inc. (November 2001 – August 2004)

- Managed development of financial and economic analytical tools related to:
 - Forecasting international supply and demand for greenhouse gas reductions.
 - Evaluating risk and calculating costs for carbon offset projects.
 - Comparing costs for different climate change mitigation technologies.
 - Analyzing carbon offset project investment portfolios.
 - Assessing the economic and environmental impacts of small-scale cogeneration technologies.
- Prepared reports on climate change policy, CO₂ credit price forecasting, risk management, project evaluation, and business strategy for a wide range of private and public sector clients.
- Made presentations and represented the firm at conferences and business meetings.
- Managed team of three Research Assistants and coordinated information gathering on climate change policies, science, and economics.

Senior Associate, MRW & Associates, Inc. (October 1999 – August 2001)

- Developed financial models to evaluate electric generation projects, value utility assets, and analyze utility rates.
- Provided economic analysis supporting interventions in regulatory proceedings concerning utility procurement costs, disposition of utility assets, and payments to renewable energy Qualifying Facilities.
- Analyzed utility incentives under different regulatory and ratemaking mechanisms.
- Conducted historical price analyses and assisted with price forecasting and production cost modeling.
- Conducted extensive research on utility restructuring in California.

**Graduate Student Instructor, Microeconomics (September 1998 – May 1999)
University of California, Berkeley**

- Led discussion sections for first-year graduate students on microeconomic theory and its application to policy analysis.

Policy Intern, California Public Utilities Commission (Summer 1998)

- Developed a set of performance indicators to inform strategic planning and track emerging trends in the energy and telecommunications industries.
- Presented recommendations for implementing an indicator tracking program to Division Directors.

Research Associate, Trexler and Associates, Inc. (April 1994 – June 1997)

- Conducted library, phone, and on-line research on diverse topics related to energy, forestry, land use, climate change, and climate change mitigation.

- Analyzed quantitative components of climate change mitigation projects.
- Helped write, edit, and format reports, newsletters, and other documents.
- Managed in-house information system and maintained technical and bibliographic computer databases.
- Supervised interns on research and information management projects.

Citizen Advisory Group Application

Step 1

Please complete the form below if you are interested in serving on a committee or commission. Please note: once submitted, this application becomes a public record. Your address and contact information will not be shared.

Applicant Name Michael Cox

Email

Phone

Address

City Bainbridge Island

State WA

Zip 98110

Current Employer Retired from Environmental Protection Agency

Current Position NA

I am interested in serving on one of the following advisory groups (select all that apply): Climate Change Advisory Committee

Experience & Qualifications

Have you served on any city advisory groups in the past? Yes

If so, please indicate which groups: Planning Commission Non-Montorized Advisory Committee

Please share your qualifications for this appointment (skills, activities, training, I worked for EPA for over 25 years. The last 4 years I was the Climate Change Advisor for EPA Region 10 in Seattle. During the four years I developed the Region's Climate Change Adaptation Plan and worked with different programs to integrate

education) if any:

climate change into their work. I also worked with states and communities, including tribes, to help them understand the climate change impacts on their communities, how to reduce their greenhouse gas emissions and how to make their communities more resilient to a changing climate. I also worked for the City of Seattle's Office of Sustainability for three years and worked on their first Climate Action Plan.

Please share your community interests (groups, committees, organizations) if any:

Member of BI Planning Commission for 3 years. Member of BI Non-Motorized Advisory Committee for 1 year. Board member of Bainbridge Island Youth Soccer Association for 5 years. Youth soccer, basketball, and baseball coach for 15 years. Member of BI School Reconfiguration Committee. Volunteered for 5 years as primary school math assistance. Steering Committee for Climate Action Bainbridge

Feel free to attach your resume (optional):

Type the Year 2017

How did you hear about the volunteer opportunity?

MICHAEL WEST COX

EDUCATION

Master of Public Health, 1987
University of Michigan, Ann Arbor, MI.
Major: Toxicology

Bachelor of Science, 1981
Huxley College of Environmental Studies, Bellingham, WA
Major: Environmental Studies.

WORK EXPERIENCE

U.S. Environmental Protection Agency
1200 Sixth Avenue, Suite 900
Seattle, WA 98101

Dates Employed: 7/2013 to 4/2017

Salary: GS-14 Step 7, 40 hours per week
Supervisor: David Allnutt, allnutt.david@epa.gov

Senior Climate Change Advisor

EPA regional authority on climate change policies and regulations. Lead regional team of 15 people that develops, coordinates, and implements EPA regional climate change actions and provides support to senior managers on regional and national climate change issues, planning, and policy discussions.

Lead regional team to identify and implement strategies to adapt to ocean acidification in the Pacific Northwest.

Work with tribal communities in the Pacific Northwest and Alaska to increase their awareness of climate science, assist to evaluate the major climate threats to their communities, and identify options to adapt to the changing climate.

EPA representative on steering committees for several regional climate groups (North Pacific Landscape Conservation Cooperatives and Northwest Climate Science Center) and Chair for Climate Change Collaborative which coordinates federal climate change activities across the region.

Project manager for multiple regional projects that integrate climate change into their activities (e.g., designing hazardous waste site remedies to be resilient to climate change impacts; developed regional policy that requires climate change to be considered in over \$140 million grants to states and tribes; and incorporated climate change considerations in all National Environmental Policy Act reviews).

Responsible for raising staff awareness on climate change by organizing monthly climate change speaker

series, monthly climate change newsletter, and SharePoint site that provides resources for staff and managers on climate change.

Organized trainings for over 40 water utilities to develop strategies to adapt to climate change. Organized workshop for over 100 people from communities throughout Puget Sound on how to make their communities more resilient to sea level rise. Organized workshop for over 80 people from federal, state, local, and tribal governments on the impacts of increasing stream temperatures on salmon and actions to reduce the impacts. Organized workshop for three national estuary programs in Pacific Northwest on climate threats and how to make their estuaries more resilient to a changing climate.

Sponsored five student interns from the University of Washington over the past three years.

U.S. Environmental Protection Agency
1200 Sixth Avenue, Suite 900
Seattle, WA 98101
Salary: GS-13 Step 10, 40 hours per week
Supervisor: Joyce Kelly, kelly.joyce@epa.gov

Dates Employed: 8/2011 – 7/2013

Regional Toxics Coordinator

Responsible for coordinating activities to reduce toxics across multiple agencies and organizations in the Columbia River Basin, Puget Sound Basin, and Yakima Valley.

Columbia River

Chaired Toxic Reduction Working Group which consisted of representatives from across the Columbia River Basin including federal, state, local and tribal governments along with non-profit organizations and businesses. Established short and long range goals and objectives for the working group and worked to leverage resources across agencies to complete research and implementation activities.

Lead author on report, “State of the Columbia River”, that was the first comprehensive study and detailed analysis of data on the successes and challenges in reducing toxics in the Columbia Basin. Represented EPA at several national press conferences on report results. Co-authored report, “Columbia River Toxics Reduction Action Plan”, which provided a comprehensive road map on the actions needed to reduce toxics across the Columbia Basin, including resources needed to implement action plan.

Organized and led several meetings with senior managers from the Pacific Northwest states and tribal leaders from throughout Columbia Basin on direction for Columbia River Basin work.

Puget Sound

EPA lead on working with federal, state, local, and tribal governments on developing action plans for reducing toxics in Puget Sound.

Oversaw administration of over \$7 million per year in funds provided by EPA to the state of Washington. Ensured quality project design, implementation, evaluation, and outcome measurement on actions to reduce toxics. Required reviewing workplans, budgets, and staffing plans and ensuring states were properly accounting for the funds.

Chaired Puget Sound Toxics Reduction Working Group which brought partners from around Puget Sound

including tribal governments to serve in an advisory role to the Puget Sound Leadership Council on actions needed to reduce toxics in Puget Sound. Provided recommendations on short and long term goals and specific actions to reduce toxics in Puget Sound.

Yakima Valley

EPA lead on determining sources and actions needed to reduce high nitrate levels in private wells in the Lower Yakima Valley in Eastern Washington.

Managed multi-disciplinary team that designed, implemented, and evaluated a large complex community-based sampling project. Secured \$100,000 for project, developed contracts for sample preparation and analysis, oversaw expenditures, and organized logistical and transportation support. Engaged community to help identify sampling locations and gain access to private homes for sampling. Collected samples from over 200 private drinking water wells in the Yakima Valley, analyzed samples, compiled results, and developed a final report.

Lead on organizing and facilitating numerous community meetings to receive input prior to study, provide progress reports during sampling, discussing findings from study, and received input on planned actions to reduce high nitrate levels in private wells. Developed program to provide water filters for those homes with high nitrate levels.

U.S. Environmental Protection Agency

Dates Employed: 8/2006 – 8/2011

1200 Sixth Avenue, Suite 900

Seattle, WA 98101

Salary: GS-14 Step 6, 40 hours per week

Supervisor: Joyce Kelly, kelly.joyce@epa.gov

Manager, Risk Evaluation Unit

First-line supervisor for 20 staff. Managed technical and scientific staff from multiple disciplines (e.g., human and aquatic toxicologists, hydrogeologists, ecologists, and engineers) that collaborated with and provided support to program staff throughout the region to ensure protection of public health.

Established short and long range goals and objectives for Unit, responsible for budget development and oversight, and development and implementing organizational policy. Responsible for all staffing assignments including hiring five staff. Responsible for establishing performance measures for program and monitoring progress. Worked with staff to develop Individual Development Plans and provided support in their implementation. Developed budgets for training, travel, equipment, and contracts for Unit.

Advised senior managers in region on scientific and technical issues related to the protection of public health from hazardous waste sites, water pollution, and air pollution.

Directly supervised several millennials and mentored several others outside the Risk Evaluation Unit.

City of Seattle

Dates Employed: 6/2003 – 6/2006

Office of Sustainability and Environment

700 5th Avenue, Room 2748

Seattle, WA 98104

Salary: GS-13 Step 10, 25 hours per week

Supervisor: Steve Nicholas, snicholas@iscvt.org

Senior Program Manager

Led, coordinated, and participated in applying principles and practices of sustainability to City of Seattle government operations and services.

Project Manager for Urban Green, a public/private partnership between the Urban Land Institute, Green Building Council, City of Seattle, and King County. Formed Board of Directors, received 501(c)(3) status, secured over \$400,000 for initial operation, oversaw all expenditures, and negotiated for retail space.

Led city green building team in developing strategy and action plan for encouraging acceleration of green building in Seattle, developed outcome measures, oversaw economic development study on green buildings, and organized numerous workshops on promoting green building in Seattle.

Led city working group on coordinating actions to increase use of green roofs on city buildings. Secured over \$50,000 from King County Conservation District for green roof initiative, held regional workshops to share information and data on green roofs, and secured resources to purchase equipment and establish monitoring program at four city buildings.

Supported city's sustainable purchasing program. Hosted workshops for city staff on using greener products in city operations such as sustainable wood, less energy intense cement, non-PVC piping, and recycled paper.

U.S. Environmental Protection Agency

Dates Employed: 4/1999 – 5/2003

Office of Water

1200 Sixth Avenue

Seattle, WA 98101

Salary: GS-14, Step 5, 40 hours/week

Supervisor: Randy Smith, Randvrsmith@gmail.com

Manager, Drinking Water Unit

First-line supervisor for 17 people. Led, supervised, and managed professionals and administrative staff in the design and delivery of drinking water policy, programs and projects to protect public health in Alaska, Oregon, Idaho, and Washington. Responsible for working with staff to design individual development programs and providing resources to accomplish those plans.

Oversaw staff responsible for managing over \$50 million in grants and loans per year to states and tribes via the EPA State Revolving Fund. Oversaw staff conducting yearly audits of state programs to ensure funds are managed appropriately.

Established organizational policies, priorities, and outcome measures and worked with State Drinking Water Directors to ensure programs are protective of public health and that programs are implemented in a timely and satisfactory manner.

Established organizational outcome measures and worked with staff and state counterparts to meet those outcome measures.

Responsible for drinking water programs on tribal lands which required leading others in a multicultural environment. Required working with tribes to design programs that would protect the public health of their communities. Required travel to very remote locations in Alaska to work with tribes, under sometimes

difficult situations, to identify their needs, develop creative solutions, and obtain resources to meet those needs.

Represented EPA at numerous regional and national conferences and meetings discussing EPA policies and programs. Co-chaired national program to establish drinking water guidelines for commercial airlines to protect the public health of travelers and employees.

U.S. Environmental Protection Agency

Dates Employed: 7/1995 - 4/1999

Office of Water

401 M Street, SW

Washington, DC 20460

Salary: GS-14 Step 5, 40 hours per week

Supervisor: Ephraim King, ephraimsking@gmail.com

Team Leader, Disinfection Byproducts Drinking Water Rule

Team leader for development of first national regulation to establish levels to protect the public health from disinfectants and disinfection byproducts in public drinking water supplies.

Led team of 15 people from different disciplines including engineers, lawyers, toxicologists, chemists, economists, and policy analysts. Assigned tasks for team members, directed their work, provided opportunities for training, and maintained constructive team relationships.

Responsible for all aspects of the regulatory development process including: writing the regulation, developing the preamble, overseeing the development of technical documents, working with EPA economists to develop the cost/benefit analysis for the regulation and working with the Office of Management and Budget on the final analysis.

Advised EPA senior managers on policy and program issues related to the development of the regulation.

Conducted numerous briefings for industry groups, public interest groups, and others on regulation. Responsible for organizing, presenting, and facilitating numerous public meetings to receive input on the regulations. Responsible for responding to media requests and developing materials for public outreach.

U.S. Environmental Protection Agency

Dates Employed: 11/1993 - 7/1995

Office of Water

401 M Street, SW

Washington, DC 20460

Salary: GS-13, Step 4, 40 hours per week

Supervisor: Jim Hanlon, james.hanlon@cadmus.com

Team Leader, Great Lakes Water Quality Initiative

Led, coordinated, and administered a diverse team of 15 technical experts from several EPA offices and regions on the development of innovative approaches for assessing risks to human health and protecting public health in the Great Lakes Basin.

Assigned tasks for team members, directed their work, provided opportunities for training, and maintained constructive team relationships. Led numerous briefings for senior EPA, Office of Management and Budget and White House staff on the scientific, policy, and economic issues for the initiative.

Worked extensively with state and tribal governments, industry groups, and others to resolve scientific and policy issues throughout the process. EPA lead at numerous public meetings on the initiative throughout the Great Lakes Basin.

Supervised contractors on developing cost and benefit analyses to determine impact of regulation. This required knowledge of economic modeling along with knowledge of assessing public health risks.

Worked with technical staff to identify research needed to support the initiative and worked with different offices to secure funds for those activities.

United Nations Children's Fund (UNICEF)

Dates Employed: 5/1992 - 5/1993

Lomé, Togo

West Africa

Salary: UN Volunteer Stipend, 40 hours per week

Supervisor: David Delienne (contact information unavailable)

Language: French, Conversational.

Assistant Project Officer

Responsible for administrative and technical aspects of a \$1 million public and environmental health project in Northern Togo promoting low-cost appropriate technologies for water supply (wells), sanitation (latrines), and small-scale tree nurseries for primary schools.

The project was challenging because of national unrest due to a changing political situation which made securing resources and materials to complete the project difficult and because many of the primary schools were difficult to access.

Led, supervised, and managed professionals from many disciplines to accomplish project. The core team consisted of 10 individuals from different government ministries with varying occupations and knowledge levels. Worked with senior managers in different government ministries to set priorities and short and long term goals for staff, provided resources to complete the work, and ensured work was completed in a timely and satisfactory manner.

Responsible for the budgeting and financial management of project and reporting to the UNICEF senior budget officer and Country Director on progress of projects.

Met with community leaders prior, during, and after each project to receive input. UNICEF provided materials and technical expertise for project but communities were responsible for providing labor.

Responsible for logistics and transportation of the materials to the sites. Required organizational skills and creativity to ensure materials arrive in a timely manner to complete work, especially during periods of national strike and during the rainy season, when many of the communities could not be accessed.

Responsible for coordinating, organizing, and conducting training with subject experts. Required assessing needs of staff, negotiating with subject experts to participate, and completing the logistics for training.

**U.S. Environmental Protection Agency
Office of Water**

Dates Employed: 7/1989 - 5/1991

401 M Street, SW
Washington, DC 20460
Salary: GS-13 Step 3, 40 hours per week
Supervisor: Jeff Cohen, jeffcohen6@gmail.com

Regulation Manager, Lead and Copper Drinking Water Rule

Led team to develop national regulation to establish safe levels of lead and copper in public drinking water supplies.

Led, directed, and provided motivation to a multi-disciplinary team of over 20 people from throughout the country to develop one of the most complex drinking water rules ever developed by EPA. Required skills in negotiation, group dynamics, and conflict resolution along with ability to motivate people and the technical skills to develop regulations to protect public health.

Briefed senior managers at EPA, the Office of Management and Budget along with senior White House staff on the major policy, economic, and technical issues of the rule.

Supervised contractors on developing cost and benefit analyses to determine national impact of regulation. This required knowledge of economic modeling along with knowledge of assessing public health risks.

EPA representative at numerous public meetings, which required communicating complex issues to a diverse audience in a concise manner. Responsible for responding to over 10,000 comments on proposed rule, which required managing a team of professional and administrative staff to develop responses in timely, efficient, and complete manner to ensure the final rule was both scientifically and legally sound.

U.S. Environmental Protection Agency
Office of Policy, Planning, and Evaluation
401 M Street, SW
Washington, DC 20460
Salary: GS-11 Step 5, 40 hours per week
Supervisor: David Adler, david.adler@orem.doe.gov

Dates Employed: 7/1987 - 7/1989

Program Analyst, Solid and Hazardous Waste

Reviewed and evaluated public health risk and economic analyses for solid and hazardous waste regulations. Managed multiple contracts on developing methodology for assessing ecological risks at solid and hazardous waste sites. Used assessment results to influence the outcome of various solid and hazardous waste rules.

National Wildlife Federation
Ann Arbor, MI
Salary: Fellowship, 20 hours per week
Supervisor: Jeff Foran, Jeffery.foran@csus.edu

Dates Employed: 9/1986 - 5/1987

Research Assistant

Received paid fellowship to study public health impacts and complete assessment of public health risk to humans from ingesting Great Lakes fish contaminated with DDT. Developed report on the public health risk from exposure to chemical mixtures in water and recommended safe levels of fish consumption for individuals in the Great Lakes region. Published results in American Journal of Public Health.

U.S. Peace Corps
Malawi Correspondence College
Blantyre, Malawi
Eastern Africa
Salary: Stipend, 40 hours per week
Supervisor: Maria Chambo (contact information unavailable)
Language: Proficient in Chichewa

Dates Employed: 7/1982 - 9/1984

Math/Science Curriculum Coordinator

Directed the math and biology programs for the Malawi High School Correspondence Institute (16,000 students). Correspondence Institute served as an alternative to the traditional elementary and secondary schools.

Wrote and edited 1000+ pages of math and biology course materials that were used by students and teachers. Visited over 30 correspondence centers with colleagues to provide guidance to teachers, employed by the local community, on how to prioritize work, utilize the correspondence materials, and motivate them to continue working under sometimes challenging situations. The visits required a team management evaluation of each correspondence center to help the centers improve operations.

Visits to correspondence centers required meeting with local communities to better understand their needs and to work with senior managers at the Correspondence Institute to obtain the needed resources.

Organized the distribution of books and other resources for teachers at the correspondence centers. Participated in national educational radio programs on math and biology to assist teachers and students.

AWARDS

Received EPA gold medals for work related to disinfection byproducts rules and Yakima nitrate study. Received EPA silver medal for work related to the Great Lakes Water Quality Initiative and Columbia River State of the River Report. Received EPA bronze medals for work related to: the lead in drinking water rule; the disinfection byproduct drinking water rule; the microbial/disinfection byproducts research plan; and the litigation associated with the Great Lakes Water Quality Initiative.

VOLUNTEER ACTIVITIES

- Coached youth sports (soccer, basketball, and baseball) for over 15 years.
- Served on the Bainbridge Island Soccer Board for five years, including two years as the Treasurer.
- Served on Bainbridge Island Planning Commission for three years.
- Served on Bainbridge Island Non-motorized Transportation Committee for two years.
- Served on Bainbridge Island School Reconfiguration Committee for one year.
- Tutored elementary and middle school children in math for six years.
- Coordinator monthly program to provide over 150 lunches to women's shelter.
- Mentored numerous individuals at EPA.

Citizen Advisory Group Application

Step 1

Please complete the form below if you are interested in serving on a committee or commission. Please note: once submitted, this application becomes a public record. Your address and contact information will not be shared.

Applicant Name Lara Hansen

Email

Phone

Address

City Bainbridge Island

State WA

Zip 98110

Current Employer EcoAdapt

Current Position Chief Scientist and Executive Director

I am interested in serving on one of the following advisory groups (select all that apply): Climate Change Advisory Committee

Experience & Qualifications

Have you served on any city advisory groups in the past? No

If so, please indicate which groups: *Field not completed.*

Please share your qualifications for this appointment (skills, activities, training, -Ph.D. in Ecology with a focus on global change -Over 20 years of professional work on climate change issues, including city planning and adaptation -Dozens of peer-reviewed documents on climate change adaptation -Wrote Bainbridge Island Climate

education) if any:	Impact Assessment -Reviewed all elements of the Bainbridge Island Comprehensive Plan for the recent update and commented on where and how to incorporate climate savvy strategies into the plan for better long-term outcomes -A Bainbridge Island citizen who wants to live in a community that is preventing additional climate change and preparing for the unavoidable amount we are already committed to due to greenhouse gas emissions to date.
Please share your community interests (groups, committees, organizations) if any:	-Bainbridge Island school activities, including Ordway Science Fair Coordinator/Co-Coordinator (2011-2015) -Bainbridge Island Little League coach (2011-2014), first aid (2015-present) - Sustainable Bainbridge board member (2013-present) -Citizen's Climate Lobby- Bainbridge Island (occasional) -Climate Action Bainbridge member (occasional)
Feel free to attach your resume (optional):	<i>Field not completed.</i>
Type the Year	2017
How did you hear about the volunteer opportunity?	City Announcement
Other	<i>Field not completed.</i>

EDUCATION

Ph.D., Ecology, University of California, Davis	December 1998
Bachelor of Arts, Biology (marine emphasis), University of California, Santa Cruz	June 1992
Oregon Institute of Marine Biology, University of Oregon, Charleston, OR	Summer 1987

RESEARCH EXPERIENCE

Chief Scientist, Executive Director and Co-Founder, EcoAdapt	2008- present
<ul style="list-style-type: none"> • Develop climate change strategies, plans and actions with governments, non-governmental organizations and private entities in need of support • Train conservation practitioners and resource managers in the science and philosophy of climate change adaptation • Facilitate the creation of a climate change adaptation field and scientific community • Co-creation of the Climate Adaptation Knowledge Exchange 	
Principal, Lara Hansen and Associates	2008-2009
<ul style="list-style-type: none"> • Provide technical support on climate change adaptation • Develop an adaptation framework for the Pacific Rim and Basin, including identifying key players and case studies (Ocean Conservancy and Resource Legacy Fund) • Conduct a Climate Camp for MacArthur Foundation Climate Change Grantees in conjunction with the World Conservation Congress, and synthesis a report regarding lessons learned and next steps on adaptation projects for these grantees (WWF-Canada and MacArthur Foundation) • Support the State of California Resources Agency Ocean Protection Council in the development of their climate change adaptation strategy on ocean and coastal resources (State of California) • Create the Climate Change Adaptation background and recommendations white paper for the Presidential Climate Action Plan (University of Colorado, Denver) • Provide technical support on climate change adaptation planning to various foundations (Kendall, Wilburforce, MacArthur, Duke) and NGOs (Island Press, Defenders, Sierra Club) • Provide a climate change informed-scientific basis and adaptation capacity building for Sierra Club and American Rivers conservation planning in the Pacific Northwest (Switzer Foundation) 	
Chief Scientist and Director, Climate Change Program, World Wildlife Fund	2001- 2008
<ul style="list-style-type: none"> • Director of World Wildlife Fund's Climate Change Impacts and Adaptations Program • Expert on climate change issues, developing and advising on case study and research goals for WWF • Lead Scientist on research relating to coral reefs (especially bleaching and resource management) • Design and implementation of studies to assess vulnerability of biological systems to climate change • Design and implementation of studies to assess feasibility and success of climate change adaptation strategies • Prepare documents to communicate climate change science to scientists, policymakers and the public 	
Post-doctoral Researcher Ecologist, Gulf Ecology Division, USEPA	1998- 2001
<ul style="list-style-type: none"> • Photobiology research on coral bleaching, protective pigment induction across populations, regions & taxa • CISNet : Coral bleaching, UV effects and multiple stressors in the Florida Keys project with UCDavis • Prepare summaries for briefing international organizations on issues relating to conservation and photobiology 	

Lara Hansen, Ph.D.

Doctoral Research, University of California, Davis	1992-1998
<ul style="list-style-type: none"> • Laboratory experiments to selectively explore the role of factors implicated in amphibian decline, including the biological effects of UVB radiation using biomarkers • Local population adaptation to environmental stresses. • Project Manager: Managed five undergraduate assistants in field and laboratory experiments, secured funding from outside sources for payroll, trained assistants in areas including anuran natural history, animal collection and care, collection of water quality data, preservation and processing of tissue samples, and ELISA techniques 	
Research Scientist, Kasitsna Bay Laboratory, Seldovia, AK	April 1995
<ul style="list-style-type: none"> • Invited member of the Lawrence Berkeley Laboratory/ Oak Ridge National Laboratory Biological Effects of UVB study team • Comparison of accuracy and precision of various methods of measuring UVB exposure • Design and implementation of research examining the biological impact on UVB on marine invertebrate larvae 	
Aquatic Toxicologist, S.R. Hansen and Associates, Concord, CA	1986-1992
<ul style="list-style-type: none"> • Toxicity of marine and estuarine water and sediment samples • Remediation methods for industrial and municipal effluent treatment • Bioaccumulation studies of aquatic toxicants from multiple sources • Algal, invertebrate and vertebrate organism culture 	
Undergraduate Research, University of California, Santa Cruz	1991-1992
<ul style="list-style-type: none"> • Ambient UVB exposure experiments with a marine bacterium at depth in a temperate water column, and analyzed growth effects of varying depth and light regimes • Quantified UVB dose with chemical actinometers and digital radiometers 	
Policy Intern, Office of Environmental Affairs, State of California, Sacramento, CA	Summer 1990
<ul style="list-style-type: none"> • State agency survey for implementation of the California Ocean Resource Management Act (CORMA) • Co-facilitated and organized forums for the discussion of CORMA implementation 	
TEACHING EXPERIENCE	
Climate Camp/Awareness to Action Workshops, Various locations	2006- present
Visiting Scholar/Lecturer, Scripps Institute of Oceanography, Univ. of California, San Diego	2005- present
<ul style="list-style-type: none"> • Lecturer in Conservation Biology 	
Lecturer, Johns Hopkins University, Baltimore, MD	2001- 2009
<ul style="list-style-type: none"> • Lecturer in Conservation Biology 	
Adjunct Professor, Pensacola Junior College, Pensacola, FL	Spring 2001
<ul style="list-style-type: none"> • Instructor for Biological Principles (Lecture and Laboratory) 	
Graduate Teaching Experience, Graduate Group in Ecology, University of California, Davis	1995-1997
<ul style="list-style-type: none"> • Independent Teaching, Marine and estuarine toxicology, and Amphibian decline • Course Reader, Conservation and Biology of Fish • Teaching Assistant, Introduction to Ecology 	
SPECIAL TRAINING	
NSF Antarctic Biology Course (photobiology and adaptation of Antarctic organisms)	1998-1999

Lara Hansen, Ph.D.

GRANTS, AGREEMENTS AND FELLOWSHIPS

National Marine Sanctuary Foundation “Planning for a Resilient National Marine Sanctuary”	2016-2017
Bullitt Foundation “Creating a model climate-savvy community comprehensive plan to support a climate-savvy Regional Open Space Strategy”	2015-2016
USFWS CFDA Program “Hawaiian Islands Comprehensive Climate Assessment”	2015-2017
Bainbridge Community Foundation “BI Climate Impact Assessment Plan”	2015-2016
Kresge Foundation “Adaptation Innovation for the Community of Practice”	2015-2016
Wilburforce Foundation “Surfing the Crest of the Adaptation Wave”	2013-2015
California LCC “Gulf of the Farallones NMS Vulnerability Assessment”	2014-2016
NOAA COCA Fisheries Management and Climate Change	2013-2015
NW Climate Science Center Region 1 Forest Service Climate Change Planning	2013-2015
Mott Foundation “The State of Adaptation in the Southeastern United States”	2013-2015
California LCC “From Awareness to Action: A Vulnerability Assessment and Adaptation Strategies for Focal Resources of the Sierra Nevada”	2012-2017
North Pacific LCC “Data Management Platform Focus Groups and Usability Testing”	2012-2013
Mott Foundation “The State of Adaptation in the Great Lakes”	2011-2012
Kresge Foundation “Innovate and Foster Climate Change Adaptation”	2010-2012
Harder Foundation “Building Climate Change into Washington’s Marine Spatial Planning Process”	2010-2011
Wilburforce Foundation “Advancing Climate Change Adaptation in Western North America”	2010-2011
Wilburforce Foundation “Building Adaptation into Western North American Conservation”	2009-2010
Kresge Foundation “Building the Community of Climate Adaptation for Ecosystems & Human Well Being: Climate Adaptation Knowledge Exchange”	2009-2010
Moore Foundation “The State of Marine Adaptation to Climate Change in North America: A Synthesis of Emerging Ideas”	2008-2010
Switzer Foundation Leadership Grant	2008-2009
MacArthur Foundation, World Conservation Congress Workshop for MacArthur Fundees	2008
MacArthur Foundation “Integrating Climate Change into Coastal and Marine Conservation in Madagascar: A Vulnerability Assessment”	2007-2009
Batchelor Foundation “Climate Change LEADS: Linking Environmental Analysis to Decision Support- Stakeholder Outreach”	2007-2009
Allianz Foundation for North America “Youth and Climate Change Initiative: Assessing the Vulnerabilities of the Southeastern US and Empowering a Generation of Climate Witnesses”	2007-2009
Hewlett-Packard “Assessing Climate Change Vulnerability in the Bering Sea”	2007-2008
NOAA Grant “Climate Change LEADS: Linking Environmental Analysis to Decision Support Bringing science and stakeholders together to inform decision making and improve long-range planning to better sustain the Florida Keys coastal environment and the communities that depend on it”	2006-2008
UNEP/GEF PDF-A & MSP “Developing Generalizable Method for Adaptive Management and Protection from Climate Change in Mangrove and Coral Reef Ecosystems”	2003-2009
UK DFID “Constructing a Climate Change Adaptation Strategy for the Mesoamerican Reef”	2006-2009
NOAA Grant “Enhancing Management Effectiveness of Marine Protected Areas and Coral Reef Species Conservation Through Assessment of MAA Content in Populations and Species”	2002-2004
Coral Reef Advisory Group- Coral resistance to climate change- Ofu Island, American Samoa	2002-2003
USEPA Cooperative Agreement on coral reef/climate change adaptation in American Samoa	2002-2004
Graduate Fellowships and Grants	1992-1998
UC Statewide Toxic Substances Research and Teaching Program Graduate Fellowship, Center for Population Biology Graduate Research Traineeship, Center for Population Biology Research Grant, USEPA Center for Ecological Health Research, Research Award, UC Davis Research and Humanities Award, Switzer Environmental Fellow, Jastro-Shields Research Award, University of California Graduate, Declining Amphibian Population Task Force SEED Grant, UC Toxic Substances Research and Teaching Program, Ecotoxicology Program, UCDavis	

Lara Hansen, Ph.D.

AWARDS AND HONORS

Wilburforce Foundation Conservation Leadership Award	2015
Women's Environmental Leadership Award, Unity College	2014
Cool Capitol Challenge, Cool Award	2007
IUCN Woman Fighting Climate Change	2007
EPA Scientific and Technological Achievement Award, Level III	2004
EPA Scientific and Technological Achievement Award, Level III	2003
EPA Bronze Medal	2002
Two EPA Superior Accomplishment Awards	2000
EPA "On-the-Spot" Award	1999
EPA Special Act Award	1999
American Association for Photobiology Associate Member Travel Grant Award	1998
Graduate Student Association Student Travel Award	1998
Herpetologist League, Graduate Student Paper, Finalist	1997
Switzer Environmental Fellow	1995-1996
Association of Women in Science Citation of Merit	1995

Hansen, L.J. and W. Sadinski. UVB tolerance in *Bufo canorus* embryos and tadpoles.

INVITED SEMINARS (excluding teaching)

Adaptation and Infrastructure: Fisheries and Aquaculture in a Changing Climate. SeaWeb Seafood Summit. June 5, 2017. Seattle, WA, USA.

Belief and Action in Climate Change Adaptation. 3rd National Adaptation Forum. May 9, 2017. Saint Paul, MN, USA.

Bainbridge Island Climate Impact Assessment. Regional Planner's Forum. January 19, 2017. Port Angeles, WA, USA.

Adaptation: Imagining our Future with Climate Change. Climate Change Symposium. Seattle Town Hall.

Lara Hansen, Ph.D.

October 18, 2017. Seattle, WA, USA.

Climate change adaptation for Marine World Heritage Sites. 3rd World Heritage Marine Managers Conference. August 29, 2016. Galapagos Islands, Ecuador.

The Four Rs (Resistance, Resilience, Response and Realignment): The What and How, with examples from the field. Society for Conservation Biology. July 18, 2016. Madison, WI, USA.

What to about water: Case studies across North America. Climate Conversations. April 28, 2016. Seattle, WA, USA.

Implications of Climate Change in Contaminated Site Remediation. Sustainable Remediation Forum. March 2, 2016. Pasadena, CA, USA.

Going with the flow: Sea Level Rise, Vulnerability, Adaptation and ACTION. Rising Seas Summit. November 5, 2015. Boston, MA, USA.

Climate Adaptation Knowledge Exchange and CRAVe, in the Innovative Tools and Planning Methodologies Showcase. Rising Seas Summit. November 5, 2015. Boston, MA, USA.

Going with Flow: Climate Change Response on the Mississippi. Mississippi River Cities and Towns Initiative. September 17, 2015. Dubuque, IA, USA.

Aquatic Adaptation Methods and Trends. Metcalf Institute Symposium at the National Adaptation Forum. May 12, 2015. St. Louis, MO, USA.

Climate Savvy: Adapting Conservation and Resource Management to a Changing Climate. USEPA Seminar Series. March 26, 2015. Seattle, WA, USA.

Wicked Tradeoffs - Unavoidable Tradeoffs Between Food, Water, Energy, and Biodiversity Panel. University of California, Santa Cruz Climate and Policy Conference. March 14, 2015. Santa Cruz, CA, USA.

The Challenge and Opportunity of Comprehensive Climate Resilience. Kresge Urban Resilience Convening. January 27, 2015. Berkeley, CA, USA.

What happens once you know the impacts of climate change? National Ecological Observing Network, November 19, 2014. Boulder, CO, USA.

Climbing the Ladder of Adaptation Engagement - a framework for overcoming adaptation inertia. World Parks Congress. November 14, 2014. Sydney, Australia.

Developing climate-savvy conservation campaigns: Models for conservation organizations of all sizes. Society for Conservation Biology. July 16, 2014. Missoula, MT, USA.

Climate Change: What's happening, What to do? Citizens Action Training School, Mid Sound Fisheries Enhancement Group, Puget Sound Partnership. March 26, 2014. Seattle, WA, USA.

Are you Climate Savvy? 2014 Women's Environmental Leadership Award Recipient Lecture. Unity College. April 22, 2014. Unity, ME, USA.

Lara Hansen, Ph.D.

I've got one word, "Adaptation." Fish Bowl Talk. April 22, 2014. Unity College. Unity, ME, USA.

Thinking *Scenarically* in Your Day Job, Crown Managers Partnership Forum. March 18, 2014. Missoula, MT, USA.

Climate Change Adaptation in US National Forests (& other Federal interests). Consultative Group on Biodiversity Webinar. February 25, 2014. Webinar.

The Climate Clock, Pathways to Resilience Meeting. February 12, 2014. Pescadero, CA, USA.

The State of Adaptation in the United States. United States Climate Action Network Annual Conference. May 8, 2013. Atlanta, GA USA.

Adaptation Helpline (with Patrick McCarthy, Healy Hamilton and Amber Pairis). Switzer Fellow Webinar Series. December 11, 2013. Webinar.

Robust Decision Making. Carpe Diem West Academy webinar. November 14, 2012. Webinar.

Adaptation Basics for Communities: Natural, Built and Wherever the Twain Shall Meet. University of Washington, Program on the Environment. October 2012. Seattle, WA USA.

The Use and Misuse of Adaptation: Linking Community and Natural Resources Strategies. North American Congress for Conservation Biology. July 17, 2012. Oakland, CA USA.

Why climate change should be part of monitoring. North American Congress for Conservation Biology. July 16, 2012. Oakland, CA USA.

Making your work climate savvy. Sierra Club Webinar. February 14, 2012. Webinar.

Addressing Climate Change in the Great Lakes and Beyond. National Parks Service Climate Change in America's National Parks webinar series: Climate Science and Changing Cultures in the Great Lakes, March 8, 2012. Webinar.

You are about to enter the most fascinating sphere of environmental and planning work: The world of climate adaptation. The Challenge of Climate Adaptation. University of Pennsylvania. March 22, 2012. Webinar.

Practical Climate Change: How Climate Change is Already Becoming Part of Good Management, NOAA Headquarters, November 19, 2011, Silver Spring, MD, USA.

Are you Climate Savvy?: Getting conservation and resource management on track for climate change. Natural Areas Conference Plenary, November 1, 2011. Tallahassee, FL, USA.

Climate Change And Decision Making for Communities, Grantmakers of Oregon and Southern Washington, October 20, 2011, Portland, OR, USA.

Resources for the Landscape Conservation Cooperatives in the Face of Rapid Climate Change. Landscape Conservation Cooperative webinar, May 23, 2011. Webinar.

Climate Change and Adaptation Planning for Fish, Wildlife and Plants. National Fish, Wildlife and Plant Adaptation Strategy Technical Team Meeting, March 29, 2011. Alexandria, VA USA.

Lara Hansen, Ph.D.

Climate Change Adaptation and the Climate Adaptation Knowledge Exchange. National Conservation Training Center Climate Change Webinar Series, March 23, 2011. Webinar.

Climate change resilience. North Cascades Resilient Habitat Convening. September 2010. Methow Valley, WA USA.

Management in a Changing Climate: Rethinking the Dominant Paradigm. National Wildlife Refuge Town Hall Meeting, October 28, 2009. Okefenokee National Wildlife Refuge, Folkston, GA USA.

Making Funding Climate Smart. Environmental Grantmakers Association. September 30, 2009. Anchorage, AK USA.

Adapting Conservation to Climate Change: Case Study in the Pacific Northwest. Switzer New England Fall Fellows' Retreat. September 12, 2009. Essex, MA USA.

Adaptation Planning for Alaska: Arctic and Tongass. Climate Change Scenarios for Alaska. Wilburforce Foundation, Scenario Network for Alaska Planning and Alaska Center for Climate Assessment and Policy. University of Alaska. July 28 & 29, 2009. Anchorage and Juneau, AK USA.

Climate Change 101: The Facts for Reefs. Florida Keys Climate Change LEADS Program. April 21, 2009. Key West, FL USA.

Conserving Our Natural World in the Face of Climate Change: Flowing Through a Changing Climate. American Rivers April 23, 2009. Seattle, WA USA.

What Can Be Done in a Park to Adapt to Climate Change? George Wright Society Meeting. March 3, 2009. Portland, OR USA.

A Region at Risk: What to do about it. Meltdown: The Impact of Climate Change on the Tibetan Plateau. Asia Society and Council on Foreign Affairs. January 16, 2009. New York City, NY USA.

What Can Be Done in a Park? Developing your own climate change adaptation actions. December 10, 2008 A webinar for BC Parks, Victoria, BC Canada.

21st Century Conservation- What Now? Plenary Panel participant. 9th National Conference on Science, Policy and the Environment. December 8, 2008. Washington, DC USA.

Taking on the challenges of climate change (Changing the climate, changing the paradigm). An Outstanding Woman in Science Lecture. Indiana University. November 11, 2008. Bloomington, IN USA

What Can Be Done in a Park? Developing climate change adaptation actions for coastal and landlocked regions. October 9, 2008 A Webinar for the National Park Service.

Developing the practice, science and field of adaptation for wetlands and beyond: Getting a there there. Wetland Society Annual Meeting. July 17, 2008. Portland, OR USA.

Got Indignation? Use it! A seminar for the Allianz Southeast Climate Witness Program. June 7, 2008. Washington DC USA.

Global Climate Change Impacts on Reefs (USCRTF Panel) and Marine Adaptation and Mitigation (EPA Panel). Capitol Hill Oceans Week, June 3-5, 2008, Washington DC USA.

Water, water won't be where we want it: Climate Change and Water Resources. American Rivers River Action Day, June 2008. Washington DC USA.

Lara Hansen, Ph.D.

A New Ecological Paradigm: How to live, work and conserve in a changing climate. CESU Annual Meeting. June 2008, Washington DC USA.

Adapting Conservation to Climate Change: Rethinking the Dominant Paradigm. 2008 Conservation Leadership Dialogue on Conservation and Climate Change: Building a Framework for Adaptive Management. Lincoln Institute of Land Policy, May 27 & 28, 2008, Washington DC USA

Citizen Advisory Group Application

Step 1

Please complete the form below if you are interested in serving on a committee or commission. Please note: once submitted, this application becomes a public record. Your address and contact information will not be shared.

Applicant Name	Bernard "J" Hart
Email	
Phone	
Address	
City	Bainbridge Island
State	WA
Zip	98110
Current Employer	Retired
Current Position	FedEx Pilot, International Route Captain MD-11 (Prior position)
I am interested in serving on one of the following advisory groups (select all that apply):	Climate Change Advisory Committee
Experience & Qualifications	
Have you served on any city advisory groups in the past?	No
If so, please indicate which groups:	<i>Field not completed.</i>
Please share your qualifications for this appointment (skills, activities, training,	20 years of passionately exploring & educating the science and politics behind Climate Change. Community organizer for public action to fight climate change. Education: B.S. Mech. Engrg. B.S. Aerospace Engrg.

education) if any:

Please share your
community interests
(groups, committees,
organizations) if any:

Member of CCL (Citizen Climate Lobby), EcoAdapt associate.
Former Board member West Sound Wildlife Shelter.
Organizer/Supporter State initiative 732.

Feel free to attach your
resume (optional):

BERNARD C HART JR

PROFILE

In the following you will find the story of an Environmental Activist with unique skills and experiences. Since my youth I have been drawn to nature, exploring lakes, forests and mountains. Educated in Science, Engineering and Aviation I followed my passions around the world as a Pilot for FedEx as well as an accomplished sailor. This unique view of the world from the sky's above to the oceans and seas below gave me first hand insights of a changing environment. Since the 2007 IPCC report I have been on a passionate journey to educate myself and others on the profound effects of Climate Change and how to make a lasting difference.

EXPERIENCE

PILOT, FEDEX EXPRESS, MEMPHIS TN – 1984-2016

15,000+ hours of Commercial Aviation Flight time in the B-727, DC-10. 24 years as an Int'l. MD-11 Captain with 5 years as a MD-11 LCA (Line Check Airman/FAA Inspector Designee).

USAF/NATIONAL GUARD - 1978-1989

Commissioned Officer USAF 1978, UPT (Undergraduate Pilot Training) 1979-80
Graduated with Honors. Squadron member 182nd TASG (TAC Air Support Group) Illinois Air National Guard, 1200+ hours OA-37 Dragon Fly, 1980-84. Flight Commander 107th TFS (Tac Fighter Squadron) Selfridge AFB Michigan. 1400+ hours A-7D Corsair, 1984-89 .
In total 9 years and over 3000 hours in Military Fighter Jets.

BOEING – 1978-1979

Boeing Aircraft Manufacturing Co, Aeronautical/Mechanical Engineer. Mechanical Design Engineer Boeing 767-100 Engine Systems and Fire Protection, 1978. Aeronautical Design Engineer Boeing 767-100 Engine Inlet Design, Performance testing and Analysis.

EDUCATION

USAF UNDERGRADUATE PILOT TRAINING

1979-80

UNIVERSITY OF MICHIGAN – B.S. AERONAUTICAL ENGINEERING

1976-77

MICHIGAN TECH UNIVERSITY - B.S. MECHANICAL ENGINEERING

1972-76

SKILLS

Aviator: As a pilot for over 40 years I have flown around our globe countless times. I have flown dozens of aircraft in my career from the smallest single engine prop to USAF Jet trainers and Fighter aircraft to Heavy Transport aircraft.

Navigator: USCG 100 Ton Master Captain. I have vast experience on multiple rivers and lakes in the US, I have sailed the Atlantic and Pacific oceans, the Caribbean, Mediterranean and Philippine Seas, lastly the Gulfs of Mexico and Alaska. For the last 16 years I have lived on the shore of the Puget Sound and sailed the Salish Sea of the Pacific Northwest.

Engineering: Having two Engineering degrees, I have a strong grasp on the principals of Math, Science and Physics. Through life and professional experiences I have studied and gained a strong understanding of the science behind mans affect on the worlds upper and lower level atmosphere as well as the worlds oceans.

Activism/Communication: Board member of the West Sound Wildlife Shelter, 3 years. Currently seeking Board of Director Membership with EcoAdapt, Dr. Lara Hansen, IPCC Scientist, Nobel prize winner. Active member Citizens Climate Lobby, <https://citizensclimatelobby.org>

Citizen Advisory Group Application

Step 1

Please complete the form below if you are interested in serving on a committee or commission. Please note: once submitted, this application becomes a public record. Your address and contact information will not be shared.

Applicant Name	Gary Lagerloef
Email	
Phone	
Address	
City	Bainbridge Island
State	WA
Zip	98110
Current Employer	Earth and Space Research (Seattle)
Current Position	Senior Scientist, Oceanographer (semi-retired)
I am interested in serving on one of the following advisory groups (select all that apply):	Climate Change Advisory Committee
Experience & Qualifications	
Have you served on any city advisory groups in the past?	No
If so, please indicate which groups:	<i>Field not completed.</i>
Please share your qualifications for this appointment (skills, activities, training,	Oceanographer and climate scientist (PhD Oceanography, U.Washington, 1984). My research focus is dynamics of ocean circulation and climate, with emphasis on satellite measurements. I have studied El Nino, North Pacific decadal

education) if any: variability (which influences Pacific NW climate), and most recently a pioneering satellite mission to measure ocean salinity to understand the links between the global water cycle and climate. I am co-founder of Earth and Space Research, and small non-profit scientific organization in Seattle (www.esr.org), and for 20 years served as its president.

Please share your community interests (groups, committees, organizations) if any: I participate on volunteer groups such as "Climate Action Bainbridge", and the "Citizens Climate Lobby". In recent years, I have given numerous local lectures to the public on climate science, and am particularly concerned about the likely impacts of climate change on the Puget Sound region, as well as the global urgency. I do this voluntarily because I believe that a better public understanding of climate science is important to our community. My wife and I have made many choices to reduce our personal carbon footprint: We drive a fuel-efficient hybrid car, we installed rooftop solar panels on our home, we invested in the Bainbridge City Hall rooftop solar project. While I was working full-time, I commuted daily to Seattle by bicycle.

Feel free to attach your resume (optional):

Gary Lagerloef

Dr. Lagerloef specializes in ocean circulation and climate dynamics with special emphasis in developing new applications for satellite remote sensing and currently serves as Principal Investigator of the NASA Aquarius Mission, which was launched in 2011 to study the interactions between the Earth's water cycle, ocean circulation and climate.

Author of more than 60 scientific publications and presentations, Dr. Lagerloef has served on numerous scientific teams and working groups over the past 20 years a sampling of which include the Salinity Sea Ice Working Group(Chair), Satellite Altimeter Requirements for Climate Research Working Group (co-Chair), NRC Committee on Earth Gravity Measurements from Space, the AMS Committee on Sea Air Interaction and on NASA Science Working Teams for satellite missions to measure sea level, Ocean Vector Winds, and the Tropical Rainfall Measurement Mission. Dr Lagerloef has been a guest-editor for the prestigious *Journal of Geophysical Research – Oceans* and is a member of several professional associations, learned and technical societies.

Dr. Lagerloef received his Ph.D. in Physical Oceanography at the University of Washington in 1984. Prior to founding Earth & Space Research in 1995, Dr. Lagerloef worked with the Science Applications International Corporation; the Joint Oceanographic Institutions, Detail to NASA; was a NOAA Commissioned Officer and served in the U.S. Coast Guard.

He is now semi-retired. He and his wife Marcia live on Bainbridge Island.

Account Executive / Product Commercialization / Collaborative Partnerships

25 years' experience as a senior level Account Executive in the pharmaceutical/healthcare industry with a track record of consistent high performance. Exceptional relationship building and people management skills. Innovative and strategic go-to-market experience. Strong scientific aptitude and ability to navigate fast changing technical fields and complex marketplaces.

Known by customers, peers and management as a positive and influential leader, resourceful and trusted team player and creative problem-solver. Brings a deep understanding of the commercialization process, value chain, complex industry and market issues, and effective product launch strategies. Effectively builds strong professional networks at all levels and seeks to create business solutions and collaborative partnerships that lead to the best possible outcome for all stakeholders, impacting healthcare for millions of patients' lives.

Passionate advocate for the environment, clean tech development, and influencing choices of industry and consumer populations to utilize sustainable and efficient energy resources. Active engagement in environmental organizations, energy investor groups, community task forces and projects, including board membership of a leading Washington environmental non-profit, due diligence lead for a new clean tech product design, member of two Shoreline Protection Citizen advisory workgroups, and private investor in a new community solar project.

PROFESSIONAL EXPERIENCE

Account Executive / U.S. Market Access (USMA) – Commercialization Division June 2004 – March 2016
Sanofi, Seattle, WA (Pacific Northwest Region: Washington, Oregon, Idaho, Montana, Alaska, and Hawaii)

- Responsible for achieving successful placement of nine new commercial products per brand strategies, launching six major molecules in the last two years within the challenging PNW health insurance environment.
 - Ranked #2 (of 39 West Regional AEs) for sales objective and bonus attainment in FY2015.
 - Selected as a member of a "Strike Force" product introduction strategy team for a \$160K MS treatment.
 - 110% market contribution in first quarter of launch for a novel lipid-lowering product, requiring a highly coordinated effort with a four-state Field Account Specialists group. Aligned patient selection with utilization of the most complicated disease management criteria to date by multiple regional and national payers.
 - Successfully positioned and negotiated rebate contract terms with major health insurance accounts, assuring the corporate rebate investment would be exceeded by sales revenue gained.
- Considered the "go-to" Sanofi managed care expert and collaborative partnership "broker."
 - Known for reliably providing timely and accurate information to executive leadership, all brand teams, and regional commercial sales teams as it relates to all issues and market drivers in the PNW region.
 - In addition to regional account responsibilities, reported directly to National Account Directors (Caremark, Express Scripts Inc./Medco) and served as a high value contributor to national affiliate account teams.
 - Convened and led ongoing "All Markets Meetings" designed to improve the overall Sanofi (PNW) performance and develop the collective strength of all 13 Sanofi sales teams in the PNW Region with shared learnings across the business units. Involved district leaders from 11 specialized therapeutic sales groups, Corporate and Government Affairs, and Pharmacy Account Team.
 - Served on the USMA Business Plan Work Stream to define a national standardized regional payer format.
 - Selected as a USMA Competency Work Stream member to determine the "best in class" competencies of an USMA Account Executive.
- Built solid relationships with C-Suite and Medical and Pharmacy Directors of leading managed care organizations.
 - Commercial - Premier Blue Cross, Regence Blue Shield, Aetna, and Group Health Cooperative
 - Medicare – Humana and United Healthcare
 - Managed Medicaid Accounts – Molina and Community Health Plan of Washington
 - State Medicaid – WA Health Care Authority, Washington Department of Health
- Trusted member for 12 years with the Washington Health Alliance (an employer-based quality coalition,) resulting in invaluable access to Medical Directors, IDN leaders and purchaser affinity individuals. Only selected pharmaceutical industry member to serve on the Asthma Committee, due to impartial professionalism and industry experience. Hosted multiple value-based and Transitions of Care conferences and webinars for this association.

Area Manager / Primary Care Team (PCP 4)**January 1999 – June 2004****Aventis, Portland, Oregon (Washington, Oregon, and Alaska)**

- Established a new PNW Primary Care team within the respiratory sales division in four months including the recruitment, training, and management of seven sales associates; maintained 100% retention for the first two years.
- Earned performance and leadership awards including Area Manager of the Year (2003); Leadership in Action Area Manager award (2000 and 2002); Regional Director's Performance Award & Manager's 75% Award (2002.)
- Achieved high regional and national rankings: Ranked 1st place nationally within PCP4 for overall product index and attained 1st (Allegra) and 2nd (Actonel) position in regional sales attainment (2000); 1st in the region and 11th in the nation for Allegra goal attainment, and 3rd in the region and 8th in the nation for Nasacort AQ goal attainment (2001.)
- Planned, coordinated and conducted numerous quarterly solo and joint area Plan of Action sales meetings.
- Co-developed and facilitated "Train-the-Trainer" programs and the sales manual for western regional team.
- Leveraged respiratory therapeutics expertise: Participated in six consultant advisory meetings for Allegra, Nasacort AQ and Actonel and selected to attend the 40th Western Allergy Society meeting (2002.)
- Controlled and managed commercial funds and general expense budget for area in excess of \$250K.

Senior Sales Representative and MDA / PCP2**January 1997 - December 1998****Aventis, Medford, Oregon**

- Received 1998 Peak Performance Sales Award based on Amaryl 145% goal attainment.
- Appointed PCP2 Field Trainer and conducted extensive training for 10 new associates in 16-month period. Served as the National Amaryl Trainer and co-led Western Wildfire "Train the Trainer" workshops. Assisted area management team in sourcing new associates, screening, and focusing interviews.

Sales Associate**May 1990 - December 1996****Hoechst Marion Roussel (HMR), Edmonton & Calgary, Alberta, Canada**

- Managed the largest physical geography territory in Canada involving all aspects of commercialization (account management, direct accounts, and provincial formulary contracting, wholesaling, institutional, retailing.)
- Award-winning performance with two top national sales awards (1995): the Altace Performance Award for #1 sales in Canada (awarded sales trip to the XVII Congress of the European Cardiology Society in Amsterdam, Netherlands) and Albert Pharma Award for #1 sales of Albert Glyburide in Canada.
- Recognized for professionalism by College of Family Physicians and Surgeons of Canada at the 36th Conjoint Annual Scientific Assembly and designated Ambassador for National Mission and Values committee by HMR's President and CEO of Canada (1994.)

EDUCATION & ADDITIONAL COURSEWORK

- Bachelor of Science Degree with Specialization in Pharmacology, University of Alberta (1990)
- Master Trainer Certified in Shared Decision Making Process – AHRQ and WA Health Care Authority (2015)
- Experienced Manager Program (advanced training) - North America Leadership Development Program (2003)
- President and founder of Pharmacology Student's Association, University of Alberta (1989-1990)

COMMUNITY LEADERSHIP

- Board Member – Washington Environmental Council – 2015 to present
- Bridge Officer and Past Commodore - Eagle Harbor Yacht Club – 2013 - Present
- Element 8 Member (formerly NW Energy Angels) – 2011 - Present
- Board Member – People for Puget Sound – 2011 to 2013
- Treasurer & Program Coordinator on the boards of the Seattle and Spokane chapters of Case Manager Society of America – 2008 – 2011
- Social Venture Partners (SVP Seattle) – Environment Committee Member/Lead Partner – 2007 – 2011

Citizen Advisory Group Application

Step 1

Please complete the form below if you are interested in serving on a committee or commission. Please note: once submitted, this application becomes a public record. Your address and contact information will not be shared.

Applicant Name	Nora Ferm Nickum
Email	
Phone	
Address	
City	Bainbridge Island
State	WA
Zip	98110
Current Employer	Cascadia Consulting Group
Current Position	Director of Climate Programs
I am interested in serving on one of the following advisory groups (select all that apply):	Climate Change Advisory Committee
Experience & Qualifications	
Have you served on any city advisory groups in the past?	No
If so, please indicate which groups:	<i>Field not completed.</i>
Please share your qualifications for this appointment (skills, activities, training,	I have been working on climate change issues for 9 years, in both the private and public sectors. I currently lead climate change planning work at Cascadia Consulting Group in Seattle. This has included leading climate change vulnerability

education) if any:	assessments, planning processes, workshops, and outreach efforts for cities, small communities, and tribes all around Washington State. My relationships with these other communities and organizations will be helpful in assisting the city with participation in regional climate change efforts. I have expertise in planning, policy, and communications related to climate change. I am also well versed in climate science, with a focus on translating projections into actionable, understandable information for decision-makers and the public. Prior to joining Cascadia, I was a senior adaptation specialist in the Climate Change Office at the US Agency for International Development. I have a Master's degree in Public Policy from the Harvard Kennedy School. I grew up on Bainbridge Island and graduated from BHS, as did my husband, and we are happy to be living on the island now with our baby daughter. I would be thrilled to have the opportunity to contribute to the efforts of this Climate Change Advisory Committee.
--------------------	--

Please share your community interests (groups, committees, organizations) if any:	I am an active volunteer with Bainbridge Island Zero Waste, an initiative of Sustainable Bainbridge. I am also a new mom and seeking to get involved with local schools and groups of parents.

Nora Ferm Nickum

EXPERTISE

- Development of locally-relevant climate programs and policies
- Expertise in project management and facilitation
- Background in communications, negotiations, public policy
- Spanish language fluency

CREDENTIALS

- Master's degree in Public Policy; Harvard University, John F. Kennedy School of Government
- B.A. in Latin American Studies; Carleton College
- Graduate Coursework in Quantitative Risk Analysis; George Washington University

Nora is the Director of Climate Programs at Cascadia Consulting Group, a small, women-owned business based in Seattle. She is skilled at project management, communications, facilitation, and writing, with a background in leading stakeholder processes to develop strategic action plans to help communities prepare for climate change. Working with local governments, Tribes, foundations, and other clients across the Pacific Northwest and around the globe, Nora applies her expertise in climate change impacts and policy to inform the development of locally-relevant resilience programs and plans.

SELECT PROJECT EXPERIENCE

2016-2017 San Juan Islands Community Climate Planning Support
Facilitator. Designed and facilitated the launch of a water resilience work group comprised of local government and civil society organizations and interested citizens. Led a session on climate change impacts on ecosystems and habitats at the annual Terrestrial Managers meeting.

2015-2017 Yakama Nation Climate Change Facilitation and Technical Writing
Project Manager and Workshop Facilitator. Facilitated eight stakeholder workshops to understand vulnerabilities and to propose and evaluate potential resilience-building measures. Assisted in the drafting of an Adaptation Plan.

2015-2017 Port Gamble S'Klallam Tribe Climate Impact Assessment
Project Manager. Working with the Port Gamble S'Klallam Tribe to collect and translate relevant recent science to inform decision-making and enhance the Tribe's impact assessment report. Planning a series of workshops for adaptation planning and community engagement.

2016-2017 San Juan County Voluntary Stewardship Program Monitoring and Evaluation Plan
Strategic Advisor. Assisting with the development of a baseline monitoring and evaluation plan to help protect critical areas and the viability of local agriculture. Advising on the integration of climate change considerations into the plan.

2015-2017 Puyallup Tribe of Indians Climate Change Vulnerability Assessment, Adaptation Plan, and Community Outreach
Project Manager and Workshop Facilitator. Conducted a climate vulnerability assessment of priority sectors and natural resources, and organized and facilitated stakeholder workshops. Currently designing climate change outreach materials.

2016 Seattle Metropolitan Chamber of Commerce Climate Innovations Report
Project Manager and Lead Author. Interviewed a dozen Seattle-based businesses—such as Starbucks, Amazon, Fremont Brewing, Alaska Airlines, Boeing, and Sellen Construction—and authored a public report on creative measures being taken by the private sector to reduce greenhouse gas emissions.

2015-2016 City of Tacoma Climate Change Vulnerability Study
Project Manager. Led a climate change vulnerability study for the City of Tacoma, covering risks to infrastructure, natural systems, and social systems.

Nora Ferm Nickum

2016 Washington Wildlife and Recreation Coalition Data Assessment
Project Manager. Led an assessment of data sources and potential indicators to define land conservation needs for a range of purposes, including habitat preservation and recreation.

2016 San Juan County Parks and Fair Department, Parks and Trails Needs Assessment
Technical assistance and public engagement. Facilitated open houses to gather public input and drafted a needs assessment report to inform the development of a new six-year plan for County parks, trails, and non-motorized transportation.

2015 Hood Canal Coordinating Council, Climate Change Workshop Facilitation
Lead Facilitator. Served as lead facilitator for a one-day multi-stakeholder workshop in Bremerton on climate change impacts in the Hood Canal region. Also designed small group exercises and trained table facilitators. Attendees included 85 representatives from county governments, tribes, NGOs, and state agencies.

2015 Oak Foundation (Switzerland) Environment Program Evaluation and Strategic Refresh
Project Manager. Evaluated the impact of the Oak Foundation's climate change mitigation grant portfolio and co-facilitated two staff retreats to develop a detailed new strategic framework for the next five years of environment program grant making.

RELEVANT WORK EXPERIENCE

2009–2014 US Agency for International Development (DC) Global Climate Change Office
Senior Climate Change Adaptation Specialist. Managed \$3-\$6 million annually in climate change contract activities and grants. Managed the Climate Resilient Infrastructure Services (CRIS) program with assessment, training, and planning activities in five coastal cities. Led development of USAID's first Agency Adaptation Plan in 2012, based on Executive Order requirements. Advised USAID missions in more than ten countries on adaptation program design. Designed and facilitated stakeholder workshops for climate adaptation planning in multiple countries. Advised the US State Department on risk management topics in the UN Framework Convention on Climate Change (UNFCCC) negotiations.

2010 US Mission to the Organization of American States (DC; detail)
Environment Officer. Responsible for the US mission's environment portfolio, including climate change, energy, biodiversity, natural resources management, and disaster risk management.

OTHER POSITIONS

- Independent Consultant (2007-2010, Boston, MA, and Washington, DC)
- Program Director; Regional Coordinator for Latin America. International Labor Rights Forum (2002-2007)
- Program Coordinator in Ecuador. Environmental Rights International, Inc. (2005-2006)

OTHER RESEARCH EXPERIENCE

Massachusetts Institute of Technology 2001-2002

Invited Visiting Professor, Program in Science, Technology and Society (STS)
Collaborated with STS faculty and graduate students on a variety of issues related to my manuscript *Inventing Intelligence* and on social issues related to postmodern science and technology and their media representations.

Stanford University 2001-2002

Invited Visiting Professor, School of Modern Thought
Worked with research faculty on science, technology and media issues in postmodern culture.

ADMINISTRATIVE EXPERIENCE

Director	Medicine and Media Grant Initiative	2007-
Director	Interdisciplinary Humanities Program (IHP)	2002-2003
Director	Interdisciplinary Humanities Program (IHP)	1997-2000
Director	Learning Solutions Lab (DUAS)	1994-1996

TEACHING EXPERIENCE-CURRICULUM DEVELOPMENT

Arizona State University, Tempe, AZ 1994-present

Entertainment and Technology – MA and Certificate Program 2005-present
Courses have been developed that offer students a strategic knowledge of the complex economic, historical, and socially dynamic relationship between entertainment and

technology. Students are prepared to bring knowledge capital to the industry by knowing how to assess significant impacting e/t trends and doing so by using a variety of complexity science tools and methods as well as computational modeling programs. The degrees constitutes both a cultural studies and scientific approach to how and why entertainment and technology are rapidly becoming indistinguishable and their integrations and successes can be forecasted.

This new major/certificate was the subject of a *New York Times* article, September 6, 2006, entitled *When Film School Isn't Enough, the EnterTech Age Dawns* written by Sharon Waxman. www.nytimes.com/2006/09/06/movies/06tech.html?ex=1158120000&en=40375d711533cefe&ei=5070&emc=eta1

Undergraduate Courses:

English and Film and Media Studies:

ENG 202/222 Survey of English Literature, 1790-1968
ENG 329 Nineteenth Century Fiction
ENG 313 British Romantic Literature
FMS 110 New Media, New Worlds;
FMS 30/ENG 494: Culture and Media
FMS/ENG 394: Science Fiction and Film,
FMS 494/ENG 494: Entertainment and Technology; The Science of Entertainment and
The Dynamic Science of Technological Evolution(s)
FMS 350: Introduction to Digital Culture and Media Technology Studies;
FMS 450/ENG 450 Literature, Technology and Culture
FMS 451/ENG 494 Virtual Reality and Cyberculture
FMS 452/ENG 494: Digital Mythologies: Gods and Monsters Lurking in Cyberspace;
FMS 453: Information Theories and Digital Cultures;
FMS 454: Digital Cultures/Digital Economies;
FMS 456: Literature, Art and Media in The Digital Age;
FMS 457: Technology and Postmodernism Media

New Courses – Consortium for Science Policy and Outcomes/Center for Social Complexity

ENG 494/FMS 494/503 Studies in The Transhuman
ENG 494/FMS 494/503 Modern Literature and Scientific Discourse
FMS Media Globalization: The Power of Information Empires

Graduate Courses:

ENG 501/FMS 501: Structures of Knowledge: Theories of Literature and Discourse
FMS 505/ENG 594: Interpretation of Cultures
FMS 506: The Digital Postmodern: From Motherboards to Cyberpunk

Georgia Institute of Technology, Atlanta, GA

1986-1990

Assistant Professor Literature, Communication, & Digital Culture Program

Created International Studies Program and taught courses in intersections of science, technology, cyberculture and digital media, concentrating on British and Continental 19th and 20th century literature. Creating summer British Studies Program.

University of Southern Mississippi, Hattiesburg, MS

1984-1986

Assistant Professor Department of English

Taught courses in 18th and 19th century literature and literary theory .

SERVICE

**Arizona State University, Tempe, AZ
University and College Committees**

1994-present

University Grievance Committee of the Academic Senate, 2004-2007.

Senate President, College of Liberal Arts and Science Senate, 2006-2007.

Senator, College of Liberal Arts and Sciences, 2004-2007

ISSR Executive Committee, School of Social Sciences, 2004-present.

Executive Committee, School of Global Studies, ASU, 2003-2006.

Chair, CLAS College Quality of Instruction Committee, 1997-1998.

CLAS Committee on Committees, 1997-1998.

President's Sneaker Tours, 1997-1999.

University Grievance Committee of the Academic Senate, 1995-1998.

Presidential Task Force: The University of the Next Century, 1995-1996.

Chair, Promotion and Tenure Committee, Interdisciplinary Humanities Program,
1994-1996.

ASU Educom NLII Representative, 1995-1996.

Department Committees**Current**

Personnel Committee (FMS) 2005-2006; Chair, 2005-2006

Curriculum Development Committee (FMS) 2005-2006

Faculty Committee CSPO 2006

Past Committees (Chaired):

Search Committee, 2001

Personnel Committee (IHP) 1996-2004

Past Committees (Served):)

Graduate Committee (2001-2004)

Georgia Institute of Technology**Department and College Committees Served**

Computer Integration Committee (1986)

Technical Writing Textbook Committee (1986)

International Studies Committee (1986-1990)

Curriculum Development Committee (1986-1989)

University of Southern Mississippi

English Graduate Committee

1984-1986

1985-1986

PROFESSIONAL SERVICE

Editorial Board

North American Corresponding Editor, *British Journal of Educational Technology*,
Oxford-Blackwell. 1997-2006

Manuscript Referee for Scholarly Journals

International Journal on Technology, Knowledge and Society
2005-2006 *BJET* 1996-present

HONORS

UC Cyberinfrastructure Institute Participant, July 2006.
Professor of the Year Award, 2nd place, Arizona State University, 2007.
Nominee, Professor of the Year Award, Arizona State University, 2006.
Nominee, Last Lecture Series Award, Arizona State University, 2006.
Student Affairs Award, November 2004.
Nominated, ASU Distinguished Teaching Award, 2001.
Student Affairs Recognition and Reception, 1997.
Nominated, CLAS Distinguished Teaching Award 1997.
Last Lecture Award, Arizona State University, 1996.
Interfraternity, Panhellenic Council, and Greek Life Faculty Teaching Award, 1995.

GRANTS

Fulbright Grant, University of Geneva, Switzerland, \$52,000, 1980-1982.
University of California Post-Doctorate Regents Fellowship, UC Irvine, \$25,000, 1982.
NEH Summer Grant, \$8500.00, Stanford University, 1989.
NEH Summer Grant, \$7200, Stanford University, 1984.
DL Summer Web-base Course Development Grant, Distance Learning, Arizona State
University, \$5000.00, 2005.
CLAS Grant, Instructional Innovation: Developing Audio-Visual Internet Conferencing,

\$3000.00, 1998.

IHR Grant, \$20,000 seed grant for Medicine and The Media, 2007.

DL Summer Web-based Course Development Grant, Distance Learning, Arizona State

University \$5000.00, 2003.

Submitted NEH Grant for Technology and Teaching in the Humanities, 1996.

CLAS Grants, Multimedia Workstation for Interdisciplinary-Humanities Program, Instructional

Improvement, "Developing a CD-ROM for Interactive Learning," \$5000, 1995.

Citizen Advisory Group Application

Step 1

Please complete the form below if you are interested in serving on a committee or commission. Please note: once submitted, this application becomes a public record. Your address and contact information will not be shared.

Applicant Name Deborah Rudnick

Email

Phone

Address

City Bainbridge Island

State WA

Zip 98110

Current Employer Bainbridge Island School District

Current Position Administrator

I am interested in serving on one of the following advisory groups (select all that apply): Climate Change Advisory Committee

Experience & Qualifications

Have you served on any city advisory groups in the past? Yes

If so, please indicate which groups: ETAC

Please share your qualifications for this appointment (skills, activities, training, Ph.D Environmental Science, University of California at Berkeley Senior Certified Ecologist, Ecological Society of America Chair, Bainbridge Island Watershed Council Climate Reality Corps Trainee, March 2017

education) if any:

Please share your community interests (groups, committees, organizations) if any:

Bainbridge Island Watershed Council, Chair Bainbridge Island Land Trust, Board Member Let's Pull Together, Steering Committee member Weed Warriors, Member Bainbridge Zero Waste, Member Rotary Auction, Green Team Co-Chair

Feel free to attach your resume (optional):

Type the Year

2017

How did you hear about the volunteer opportunity?

Deborah Rudnick

EDUCATION

B.S., Ecology and Evolutionary Biology, Brown University, Providence, Rhode Island, 1994

Ph.D., Environmental Science, Policy and Management, University of California at Berkeley, Berkeley, California, 2003

CONTINUING EDUCATION AND TRAINING

Greenhouse Gas Measurement & Reporting: Sustainability Learning Center Online Course, 2010

Wetland and Upland Habitat Restoration: University of Washington Professional Short Course, Seattle, Washington, 2007

PROFESSIONAL HISTORY

Bainbridge Island School District — Bainbridge Island WA • 2014 – Present

Science Resources Coordinator, K – 5

Administer resources and support staff for all science materials needed for grades K – 5 science teaching. Duties include scheduling science materials rotations throughout district, purchasing and budgeting, inventory tracking, curriculum web development. Manage volunteers assisting with resource preparation. Teach and provide field exercise support as needed for science curriculum. Serve on District Science Curriculum Review Committee for Next Generation Science Standards implementation.

Bainbridge Island Watershed Council — Bainbridge Island WA • 2007 – Present

Chair (2007-2011, 2014-present) and Salmon Monitoring and Conservation Coordinator

Lead an all-volunteer organization that works with local governments, tribes, nonprofits and the public to promote education, outreach and conservation for the Island's watersheds. Schedule and lead bi-monthly meetings, maintain organization website, create and conduct outreach and education efforts including "The Incredible Edible Aquifer" and "Bainbridge Watersheds 101" to a variety of adult and student audiences; coordinate an annual monitoring program to track adult salmon returning to our Island streams; co-coordinator of a 4-year project in partnership with the City of Bainbridge Island and the Suquamish Tribe to reintroduce salmon to a local stream; coordinating and participating in sampling and education with multiple municipal and nonprofit partners on a watershed-wide program to identify and reduce nutrient and bacteria inputs to an impaired Island stream system.

Integral Consulting Inc. — Seattle, WA • 1/2005– 12/2012

Senior Scientist

Provided technical expertise in the fields of ecology and environmental science to a variety of public and private clients. Conducted ecological risk assessment (ERA), including developing conceptual models and wildlife exposure models to support both screening level and baseline ERAs. Conducted biological assessments and related natural resource assessments to support remediation planning. Assisted with analysis and synthesis of water quality regulatory compliance issues. Prepared expert testimony in support of litigation. Synthesized and analyzed complex environmental data for a variety of media to support environmental site investigation and regulatory compliance issues. Co-chaired the corporate sustainability committee, an internal team that evaluates and implements sustainability objectives for corporate operations including energy efficiency for leased and owned spaces, promotion of public transit options for staff, and volunteerism.

University of Washington – Tacoma, WA • 06/2004 – 08/2004

Lecturer

Created and taught “History and Ecology of Biological Invasions,” an undergraduate course for Environmental Science. Course included weekly lectures, discussion groups, guest speakers and field trips.

10,000 Years Institute — Bainbridge Island, WA • 07/2003 – 12/2004

Aquatic Ecologist

Implemented water quality monitoring program for the Hoh River basin. Conducted fish, amphibian, and stream gradient surveys; measured discrete and long-term water quality parameters using a variety of instrumentation; and conducted substrate classification surveys. Developed and reviewed quality assurance program plan for water quality monitoring program. Reported findings to the Hoh Indian Tribe and Olympic National Park scientists and managers. Synthesized information for a large-scale literature review of the role of large woody debris in the formation of habitat in forested stream systems of eastern Washington.

University of California, Department of Environmental Science, Policy, and Management — Berkeley, CA • 08/1998 – 05/2003

Graduate Student Researcher

Designed and executed independent research on the population and community ecology of aquatic invasive species. Employed multiple experimental techniques, including stable isotope analysis with laboratory calibration, experimental mesocosms, monitoring population dynamics using multiple trapping and census methods, and behavioral observations. Developed and implemented surveys to quantify invasive species impacts to commercial fisheries. Wrote and secured multiple grants to fund research. Published seven peer-reviewed papers in the scientific literature based on this research. Chaired a multi-agency, multi-institution statewide workgroup to coordinate research and provide management recommendations for the control of Chinese mitten crabs at state and national levels.

University of California, Department of Environmental Science, Policy, and Management —Berkeley, CA
• 08/2000 – 05/2003

Graduate Student Instructor

Assistant teacher for three semester- long classes: a field course in environmental science, which included assistant teaching for laboratory exercises, multiple overnight field trips, class discussions, and grading; and two semesters teaching laboratory and discussion sections of an introductory biology course for undergraduates, for which I won an Outstanding Graduate Student Instructor Award (see below).

Colorado Foundation for Medical Care —Aurora, CO • 01/1997 – 07/1998

Secretary

Provide administrative support to quality assurance program, including managing company library, keeping meeting minutes and agendas, and providing support to executive secretaries.

Jefferson County, County Open Space Program —Golden, CO • 04/1996 – 12/1996

Natural Resources Management Technician

Conducted timber management, including selective tree thinning and removal, to improve foothills wildlife habitat. Conducted vegetative censuses to inventory plant community diversity and abundance. Conducted wetland mitigation to offset county development projects, including site selection, excavation, and revegetation.

AmeriCorps Public Lands and Environment Program —Poultney, VT • 01/1995 – 12/1995

Corps Member

Conducted timber management, prescribed burning, recreational trail development and maintenance, and salmon stocking to restore wildlife habitat, supplement important fish populations, and maintain public accessibility on U.S. Forest lands.

Ventana Wilderness Society —Big Sur, CA • 06/1994 – 09/1994

Ecology Intern

Conducted point-count and mist-netting censuses to examine riparian passerine diversity and habitat use. Conducted steelhead trout population monitoring. Oversaw and trained volunteers in avian research techniques.

Kent Island Scientific Station, Bay of Fundy, Canada • 06/1993 – 09/1993

Research Assistant

Conducted behavioral observations and mist-netting to assist with a project evaluating parental care systems in Savannah sparrow populations.

PROFESSIONAL AFFILIATIONS

James Rufo Hill

EDUCATION

Master of Urban Planning, University of Washington, 2008

- Master's Thesis: "Planning for Sea Level Rise in Seattle, Washington" (UW, 2008)
- Land Use Planning Studio II: "New Visions for Old Jefferson" (Ed., US HUD Post-Katrina Revitalization, 2008)
- Land Use Planning Studio I: "Building a New Vision for Terrytown" (Ed., US HUD Post-Katrina Revitalization, 2007)
- Graduate Fellow, Institute for Hazards Mitigation Planning and Research

Bachelor of Science, Plymouth State University (NH), 1999

- Environmental and Quality Control Analyst, New Hampshire Wind Resource Assessment Project
- President, American Meteorological Society Student Chapter

EXPERIENCE

City of Seattle, Seattle Public Utilities

Strategic Advisor II, 2014-present

Strategic Advisor I, 2009-2014

Planning and Development Specialist II, 2008-09

Municipal Government Intern, 2007-08

- Provide data-driven subject matter expertise and strategic environmental policy advice for 1.3-million-customer utility drainage and wastewater, water supply, and solid waste lines-of-business, as well as for departments city-wide.
- Co-developing drainage & wastewater planning policies and corporate climate change adaptation strategy.
- Developed and manage a nationally recognized sea-level rise land use assessment project.
- Co-developed and manage Seattle RainWatch, an award-winning, web-based urban flood warning system.
- Developed a database and co-manage projects designed to improve utility systems performance and customer service, and to support city-wide "smart city" and resilience initiatives.
- Manage internal and external climate-related communications through press releases, regular media interviews, city websites, and social media; speak before conferences regionally, nationally, and internationally.

King County, Office of Strategic Planning and Policy, Seattle, WA

Executive Intern, 2007

- Developed land use policies for state-mandated growth management comprehensive plan update, closely reviewing and revising development standards, zoning guidelines and critical areas designations.
- Calculated greenhouse gas emissions with respect to regional development scenarios and voluntary emissions reduction strategies for the Office of Regional Transportation Planning.

U.S. Peace Corps, Dominican Republic

Agroforestry Extensionist, 2004-2006

- Engaged community members in 5 municipalities while developing a regional needs assessment.
- Trained an agricultural association in sustainable agriculture practices, including alley cropping, crop rotation, soil conservation, and use of organic pesticides and fertilizers in partnership with UN Development Program.
- Distributed, installed, and maintained 63 potable water filtration systems and coordinated micro-financing program in partnership with Rotary International.

Weathernews Inc, Sunnyvale, CA

Operational Meteorologist, 1999-2001

- Managed the production of site-specific weather and climate forecasts for transnational shipping, energy, insurance, and telecommunications clients; directly provided data, graphics and text to media clients, including USA Today, Apple Daily (China), and Yahoo.

ADDITIONAL INFORMATION

Language(s): Spanish (fluent)

Activities:

- Member, Bainbridge Island Land Trust, 2014-present
- Member, American Meteorological Society, Board on Global Strategies/Water Resources Committee, 2012-2015
- Member, Pastoral Council, St. Joseph Parish, Seattle, WA, 2010-2013
- Founder & Co-Chair, Eco-Justice Ministry, St. Joseph Parish, Seattle, WA, 2008-2013

Interests: gardening, baseball, politics, bicycling, kayaking, hiking, birding, music, photography

JANE M. SILBERSTEIN

EDUCATION

University of Minnesota, M.A. Journalism and Mass Communication, minor statistics
Hamline University (St. Paul, MN), B.A., English, graduated *cum laude*

Other:

University of Oregon, grad school (School of Journalism) - one quarter
University of Vienna (Austria), studying International Relations (Junior year abroad)

SUMMARY OF KNOWLEDGE, SKILLS AND ABILITIES

Teaching, planning, public speaking and administrative skills as part of all positions held in municipal government as well as academia.

Thirteen years as a city planner in California; experience in general plan and local coastal program development, housing, growth management, transportation planning, ordinance development, Community Development Block Grant administration, housing rehab program administration, post-earthquake downtown recovery, area plans, open space plans, environmental review, economic and demographic trends analysis, historic preservation.

Six years as a private city planning consultant, specializing in municipal general plans, land use planning, sustainable community development; including parks and open space planning, waterfront planning, wetland management plans; economic development strategies, capital improvement planning and budgeting, grant writing.

Five years as teacher and Lake Superior Program coordinator for Sigurd Olson Environmental Institute (Northland College) and as U.S. Coordinator of the Lake Superior Binational Forum.

Seven years as Associate Professor for the University of Wisconsin.

Excellent skills as facilitator, consensus builder, writer, teacher and public speaker; broad experience with public involvement, charrettes, community surveys and data analysis.

PROFESSIONAL EXPERIENCE

Associate Dean and faculty, Bainbridge Graduate Institute (now Pinchot U); teacher and administrator; oversight of student experience; student and student group advising, curriculum development; 2007-2013.

Associate Professor (with tenure), University of Wisconsin Extension; Community, Natural Resource and Economic Development Educator, Ashland County WI (department head); served individuals seeking to advance their careers and/or businesses; organizational development consultant to at least 50 nonprofits (including economic development orgs and chambers of commerce; served as planning consultant to coastal communities (5) engaged in sustainable community planning, land use policy and code development, natural resource planning, economic development planning; 2002-2007.

Instructor and Lake Superior Program Coordinator and U.S. Coordinator for Lake Superior Binational Forum, Sigurd Olson Environmental Institute of Northland College; teaching and program administration; served individual students with course and program selection, especially students who interned with me; 1996 -2002.

Member of the Professionals Council, UW Department of Urban Planning and Design, 1991-2013

Member of the Washington Chapter APA Legislative Committee, 1990-92

With extensive professional experience, Jill Brown Sterrett, FAICP, has developed a unique blend of cross-disciplinary skills with an emphasis on climate change and sustainability in urban planning for cities. Ms. Sterrett is highly experienced in managing large scale urban planning projects, including client coordination, the management of inter-disciplinary project teams, and community relations. For 10 years, she directed the Seattle office of EDAW, Inc., an international urban planning and landscape architecture firm. Her professional dedication is evidenced by multiple leadership roles for APA and the University of Washington Professionals Council.

TEACHING – Affiliate Instructor, Urban Design & Planning

Ms. Sterrett has taught or co-taught classes in the regular curriculum at the graduate level (URBDP 598 – Land Use 2) and the undergraduate level (URBDP 300, TURB 326, CEP 200, CEP 460 and CEP 461) since 2006.

Several of these are highlighted below:

- **IPM 505** Ms Sterrett developed the content for this course and taught the first offering of this course Spring 2012. This graduate level course studies the science of climate change and explores both mitigation and adaptation measures for each of the 6 critical infrastructures covered in the IPM program. Ms. Sterrett has taught this course annually since 2012.
- **TURB 326** Ms Sterrett developed and co-taught this course for undergraduate urban studies majors at the UW Tacoma campus Spring 2012. This course provides basics in the science of climate change and explores mitigation and adaptation tools for planners.
- **CEP 460 Planning in Context** Ms. Sterrett has co-taught this course annually 2006-2014. This undergraduate course is designed to give students hands-on experience, working as a team for clients on a real-world planning project. Students learn planning in action by facing the challenges of project management, scoping, client coordination, and teamwork.
- **URBDP 502 Tools for Sustainable Cities Course (2009)** Ms. Sterrett adapted the 2008 course on sustainability, as a mixed-discipline graduate and undergraduate seminar course. This course attracted students from multiple disciplines and other UW campuses.
- **URBDP 498D Planning for Sustainable Communities Course (2008)** Ms Sterrett and a second affiliate instructor created a new course on sustainability for planners, reaching 43 grad and undergrad students in urban planning and attracting students from 14 other disciplines. The course included a speakers' series that was webcast to planners across the nation through APA, reaching an audience of 805 professionals over the 8 class sessions.

PRESENTATIONS

Jill Sterrett Resume, p.2

Panel Member: "Game Changing Initiative" National APA conference, 2013

Panel Leader: "An Online Toolbox to Address Climate Change," National APA conference, 2010

Panel Leader: "Local Responses to Climate Change: Using Polling Technology to Share Information", Washington Chapter APA State Conference, 2009.

Panel Leader: "Research on Sustainability Indicators," Washington Chapter APA State Conference, 2008.

Speaker: "The Tipping Point: Creating Town Centers in Suburban Cities", Washington Chapter APA State Conference, 2003.

Moderator: "Federal Jurisdictional Issues for Cultural Resource Management," Utility Roundtable on Cultural Resources, 2003

Speaker: "Technology Tools for Cultural Resource Management", Utility Roundtable on Cultural Resources, 2000.

TEACHING AND MENTORING

Organizer and Presenter: "Professionals Council New Directions" event linking faculty, practicing planners and students to discuss emerging issues, 2012-2014.

Co-organizer, EDAW Summer Student Program, 2-week interdisciplinary study on the future development and restoration of the Ridgefield National Wildlife

PROFESSIONAL EXPERIENCE

Owner, Sterrett Consulting, LLC 2006-2015

Ms Sterrett was the owner of a sole proprietor firm specializing in urban planning, sustainability, and historic preservation services. Her work included **Regional Fire Service Authority Planning for Fire District 37** and **Level II Historic Building Records**. Ms. Sterrett also directed consulting projects involving student interns, facilitating the integration of planning practice with academic courses offered by the University. The consulting projects involving student teams are described below:

- **Edmonds Special District Plans (2010-2013)** Ms. Sterrett directed an interdisciplinary team of graduate and undergraduate students including landscape architects, planners and an architect to prepare concept plans for two neighborhood commercial centers in Edmonds. The final products of the study are design plans/form-based codes for each site. The product was adopted by the City Council.
- **Hilltop Concept Plan Alternatives (2010)** Ms. Sterrett directed an interdisciplinary team of graduate and undergraduate students including landscape architects, planners and an architect to prepare concept plan alternatives for a 32-acre site being acquired by the Bainbridge Island Land Trust. The concept alternatives were used in local fund raising efforts and in grant applications to fund the purchase and improvements of the property.
- **Snoqualmie Sustainability Strategy (2008-10)** Ms. Sterrett directed a series of student projects to explore sustainability strategies, develop a public information Town Hall meeting, and create an action plan addressing climate change and sustainability for the city of Snoqualmie. The effort in 2010 involved coordinating a Speaker's Forum on sustainability in preparation for the city's Comprehensive Plan update.
- **City of Arlington Projects (2007-08)** Ms Sterrett directed two projects for the City of Arlington involving teams of student interns to prepare Downtown Design Guidelines and the Gateway Plan for entry and informational signage.
- **Shoreline Town Center Plan (2007)** Ms. Sterrett selected and hired a team of four student interns to develop this plan for the City of Shoreline. The plan defines the future Town Center of this suburban community, identifies "green streets", parks and public amenities, and promotes mixed use development of this one-mile section along Aurora Avenue and surrounding streets.

Refuge for the U.S. Fish and
Wildlife Service, 2000.

Jill Sterrett Resume, p.3

Organizer and Teacher: "Skills for
Professional Planners", University
of Washington, Department of
Urban Planning and Design,
sponsored by UW Professionals
Council, 1990 – 1991

EDUCATION

M.U.R.P. Urban and Regional
Planning, University of Southern
California, California, 1979

M.A. Sociology, Ball State
University, Indiana, 1974

B.S. Sociology and Social Work,
Ball State University, Indiana,
1972

Principal & Seattle Office Director, EDAW, Inc. 1995 - 2006

Ms. Sterrett served as the lead urban planning principal and the director of the Seattle office of EDAW, Inc., a major international consulting firm in urban planning and design. As Principal in EDAW's Seattle office, Ms. Sterrett was responsible for the management and quality control of all major urban planning products the office produced. Her work fostered the integration of urban planning, biological sciences, urban design, and landscape architecture to address problems of community development and resource management for cities and for state and federal agencies.

During her 10 years as office director, the EDAW Seattle office size grew from 14 to 35 persons and increased in annual revenues from \$2.3 million to more than \$5 million.

Senior Associate and Associate, consulting firms, 1979 - 1995

Ms. Sterrett was responsible for project management and leadership of project teams for major planning projects and environmental impacts studies in Washington, California, Oregon, Idaho, and Alaska.

RECENT AWARDS

- APA National Planning Award, 2010, Karen B. Smith Chapter Achievement Award "Outstanding Outreach to Community," to the APA WA Chapter, for Sustainable Washington.
